

Coco Betaine

FACT SHEET

Description: Mild amphoteric surfactant derived from coconut oil, highly water soluble in wide pH range, pH: 5 - 6 (10% aqueous solution), 30% active substances. Clear yellow liquid, no or faint odor. CAS# 61789-40-0.

INCI Name: Cocamidopropyl betaine.

Properties: Very mild co-surfactant compatible with anionic, nonionic, cationic surfactants (also useful as primary surfactant), good cleanser & foam booster, viscosity enhancer, excellent conditioning & antistatic agent, moderate emulsifier.

Use: Can be added to formulas as is, recommended use level 4 - 40%.

Applications: Body washes, shampoos, bubble baths, cleansing lotions, creams, hand soaps, baby products, hair conditioners, cream rinses.
