

## **Mineral Base**

### **Fact Sheet**

#### **Basic Powder Blend for Makeup Products**

**Description:** standardized & homogenized blend of various natural mineral powders including different mica powders, zinc oxide & titanium dioxide.

**CAS#:** 12001-26-2, 7631-86-9, 36653-82-4, 1314-13-2, 13463-67-7.

**Appearance:** fine white powder, no odor

**Solubility:** insoluble but miscible in water & oils

**Storage, Stability:** very stable when kept in a tightly closed container at a cool & dry place

**Properties:** provides natural & even looking skin without the feel of heavy make-up, diminishes fine lines & wrinkles, spherical mineral components give nice velvet feel, protects from UV radiation.

**Use:** for mineral makeup: mix base with iron oxide pigments or our “pigment blends”. For eye shadows or blush: mix base with our mica pigments.

**Applications:** makeup products incl. mineral makeup, face powders, powder foundations, eye shadows, eyeliners, mascara & blush.

**Safety:** for external use, only avoid inhalation.
