

Mulberry Root Extract

FACT SHEET

Description: Mulberry root extract comes from the white Mulberry tree that is native to China, but cultivated in Europe, Japan, Australia and North America. The extract has been used for centuries in Chinese Medicine. Newer discoveries make it very useful in skin care. Contains 20% extract dissolved in water and glycerin, preserved with phenoxethanol. Colorless to light yellow liquid, characteristic odor. pH ~5, water-soluble.

CAS: 7732-18-5, 56-81-5, 94167-05-2, 122-99-6
