

### Anti-Aging Moisturizing Lift

| Phase A  | Weight % | For 100 g / 3.6 oz                 |
|--|----------|------------------------------------|
| Distilled Water (diluent)                              | 68.8 %   | 68.8 g / 5.8 oz / 1/4 cup 1/2 Tbsp |
| Glycerin (humectant)                                   | 5 %      | 5 g / 1 tsp                        |
| Hyaluronic acid (humectant)                            | 0.2 %    | 0.2 g / 1/2 tsp                    |
| <b>Phase B</b>   |          |                                    |
| CreamMaker Blend (emulsifier)                          | 3 %      | 3 g / 1 tsp                        |
| Triglyceride (emollient)                               | 10 %     | 10 g / 0.3 oz / 2 tsp              |
| Meadowfaom Seed Oil (emollient)                        | 5 %      | 5 g / 1 tsp                        |
| SkinLift DPHP (active ingredient)                      | 1 %      | 1 g / 1/2 tsp                      |
| <b>Phase C</b>   |          |                                    |
| GelMaker EMU (gelling polymer/emulsifier)              | 2 %      | 2 g / 1/2 tsp                      |
| <b>Phase D</b>   |          |                                    |
| SkinTight Algae Extract & Pullulan (active ingredient) | 4 %      | 4 g / 3/4 tsp                      |
| Benzyl Alcohol/DHA (preservative blend)                | 0.8 %    | 0.8 g / 18 drops                   |
| Fragrance  | 0.2 %    | 0.2 g / 4 drops                    |

#### Method

Add phase A to a disinfected, heat-resistant glass beaker and heat to 130F/55C, remove from the heat. Sprinkle the hyaluronic acid into the water and mix on high speed to avoid the formation of lumps. Add phase B into another glass beaker and heat to 160F/71C to melt the ingredients. Add phase B to the still warm phase A and stir well to form the cream. Add phase C to phase A/B and stir again well, the cream will become thicker. Below 100F/40C add phase D one by one to phase A/B/C and stir well. The cream is best filled into jars or into the airless dispenser Paris.

#### Properties

Skin cream with firming and lifting properties due to SkinLift DPHP, it combats wrinkles and firms tissue by stimulating the contraction of collagen fibers. Long lasting firming and moisturizing effects. SkinTight AP is stimulating collagen synthesis and renewal of tissue, while hyaluronic acid has powerful moisturizing and anti-aging properties as well.
