

### Skin Tightening Cream–Clay Mask

Phase A	Weight %	For 240 g / 8.5 oz
Hot Distilled Water (diluent)	67.2 %	161 g / 5.8 oz
EDTA (stabilizer)	0.1 %	0.24 g / 1/8 tsp
Xanthan Gum (thickener)	1 %	2.4 g / 3/4 tsp
Sorbitol (humectant)	1 %	2.4 g / 3/4 tsp
Alkyl Sulfonate (cleanser)	2 %	4.8 g / 1 tsp
<b>Phase B</b>		
Grapeseed Oil (emollient)	2 %	4.8 g / 1 tsp
Jojoba Oil (emollient)	2 %	4.8 g / 1 tsp
Sheabutter (emollient)	2 %	4.8 g / 1 tsp
Stearic Acid (emulsifier)	2 %	4.8 g / 1/2 Tbsp
CreamMaker Blend (emulsifier)	1.5 %	3.6 g / 1 1/2 tsp
<b>Phase C</b>		
Kaolin (clay)	8 %	19.2 g / 0.7 oz / 3 Tbsp
Zinc Oxide (mineral)	5 %	12 g / 0.4 oz / 1 Tbsp
<b>Phase D</b>		
Jojoba Protein (active ingredient)	2 %	4.8 g / 1 tsp
SkinTight AP (active ingredient)	3 %	7.2 g / 1/2 Tbsp
Paraben–DU (preservative)	1 %	2.4 g / 53 drops
Fragrance (optional)	0.2 %	0.5 g / 11 drops

#### Method

Give phase B into a disinfected, heat-resistant glass jar and place it in a hot water bath (150oF/66oC) to melt the ingredients. Give phase A into a separate jar and stir with high speed to dissolve the gum, heat it to the same temperature. Add phase B to phase A and stir until it is a homogenous solution. Add phase C to phase A/B and stir well. After the temperature has dropped to 100oF/38oC add phase D and stir again.

#### Properties

Creamy clay mask with soothing zinc oxide and two skin tightening ingredients. Plant oils and sheabutter moisturize and soften the skin. Apply to clean and dampen skin, rinse off after 10 to 15 minutes.
