

Lip Plumper with Tripeptide-5

Phase A	Weight %	For 100 g / 3.6 oz
Jjoba Oil (emollient)	40.3 %	40.3 g / 1.4 oz / 2 Tbsp 2 tsp
Castor Oil (emollient)	20 %	20 g / 0.7 oz / 4 tsp
Shea Butter (emollient)	12 %	12 g / 0.4 oz / 1 Tbsp
Bees Wax (thickener)	14 %	14 g / 0.5 oz / 2 Tbsp 1 tsp
Candelilla Wax (thickener)	3 %	3 g / 1 tsp
Lecithin (emulsifier)	1 %	1 g / 22 drops
Phase B		
Vitamin E Tocopherol (anti-oxidant)	0.2 %	0.2 g / 5 drops
Tripeptide-5 (collagen booster)	5 %	5 g / 1 tsp
Menthol Crystals	0.5 %	0.5 g / ¼ tsp
Mica Bordeaux Color (optional)	4 %	4 g / ½ Tbsp ½ tsp

Method

Add phase A into a glass beaker, stir. Add phase B to phase A and heat to 170F/76C, until the waxes and butter is melted. Remove from the heat and fill while still hot and liquid into lip balm sticks or lip balm jars. As soon as the liquid has become solid, the lip balm is ready to use. Gives 10-15 balms. If the consistency is desired to be more solid increase the candelilla wax slightly if the balm should become less solid decrease the beeswax slightly.

Properties

Lip plumper with tripeptide-5 as the plumping ingredient, menthol crystals give a fresh feel on lips, may be increased to 1% if desired. Moisturizing shea butter and emollients keep lips soft and nourished all day long.
