

Regenerating Face Cream with Peptides & Proteins (w/o)

(Sample Recipe for CreamMaker Mix)

Regenerating Face Cream with Peptides and Proteins (for normal to dry skin)

Phase A	Weight %	For 100 g / 3.6 oz
Macadamia Nut Oil (emollient)	8 %	8 g / 0.3 oz / 1/2 Tbsp
Avocado Butter (emollient)	3 %	3 g / 0.1 oz / 1/2 tsp
Meadowfoam Seed Oil (emollient)	3 %	3 g / 0.1 oz / 3/4 tsp
CreamMaker MIX (emulsifier blend)	6 %	6 g / 0.2 oz / 3/4 Tbsp
Cetyl Alcohol (thickener)	2 %	2 g / 0.07 oz / 3/4 tsp
Alpha Tocopherol (anti-oxidant)	0.2 %	0.2 g / 5 drops
Phase B		
Distilled Water (diluent)	65.9 %	65.9 g / 2.4 oz
HE-Cellulose (thickener)	0.5 %	0.5 g / 1/4 tsp
Sodium PCA (humectant)	2 %	2 g / 1/2 tsp
EDTA (stabilizer/antioxidant)	0.2 %	0.2 g / 1/8 tsp
Phase C		
Tripeptide-5 (active ingredient)	3 %	3 g / 0.1 oz / 3/4 tsp
Glycoproteins (active ingredient)	5 %	5 g / 0.2 oz / 1 tsp
Paraben-DU (preservative)	1 %	1 g / 22 drops
Lemongrass-Green Tea (fragrance)	0.2 %	0.2 g / 5 drops

Method

Add phase A into a disinfected, heat-resistant glass beaker and heat it to 150oF/65oC to melt the ingredients. Add phase B into a separate beaker, dissolve the edta in the water and add the sodium pca then sprinkle the he-cellulose gum into the water and mix well. Heat beaker to temperature as phase A. Add phase A to B and mix well, then remove from the heat. Continue stirring until cream thickens. When below 100F/40C add phase C and stir after each ingredient. Fill into jars.

Properties

Regeneration cream that contains glycoproteins that boost the skin's oxygen content, increase the cellular respiration capacity, and increase the energy level of skin cells by enhancing the production of energy-rich adenosine triphosphate (ATP). Glycoproteins also have moisturizing properties due to their content of water-binding polysaccharides (sugars). Tripeptide-5 is a potent stimulate of collagen synthesis, actively irons out any type of wrinkle, good skin firming & moisturizing properties, able to repair stretch marks, clinically proven to be effective & safe (study with 60 volunteers showed 350% wrinkle reduction after 84 days treatment). CreamMaker Mix is an-all natural emulsifier blend that binds water and oil and has thickening properties as well. It enhances skin feel due to acyl lactylates. Fatty acids, lactic acid & sodium lactate are all found as natural moisturizers in the skin. Natural plant oils and avocado butter soften and nourish the skin.
