

Rhodiola HairActive

Specification Sheet

Description: Extract from the golden root plant (*Rhodiola rosea*) injected into a matrix made of a natural gum. Dark amber to brown liquid viscous solution, water soluble. Preserved with potassium sorbate and sodium benzoate.

CAS: 56-81-5, 7732-18-5, 97404-52-9, 39300-88-4

INCI Name: Glycerin, water, *Rhodiola rosea* root extract, *Caesalpinia spinosa* gum

Benefits:

- Strengthens and invigorates the hair making it look healthy, shiny and stronger
- Has anti-frizz properties and helps fight against the damage caused by photo-aging and other factors
- Works in synergy with bamboo extract and wheat protein

Use: Use levels: 1-5%. Add to water phase of formulas. For external use only. Stable when kept in a closed container at a cool & dry place.

Applications: Conditioners, shampoos, gels, hair masks and hair serums.

Country of Origin: Spain

Raw material source: *Rhodiola rosea* root, *Caesalpinia spinosa* gum from tara seeds, glycerin made of naturally derived oils

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 20 % concentrate and 80% diluents.

Animal Testing: Not animal tested

GMO: GMO-free, but not certified

Vegan: Yes
