

SkinWhite Herb

Specification Sheet

Description: Different alpine plants combined in a proprietary and synergistic ratio maximizing their activity and producing an even more effective compound. Has an effect on tyrosinase inhibiting mechanism involved in melanin production as found in various studies. Ecocert certified. Water soluble. Clear amber liquid. Compatible with up to 50% alcohol.

CAS: 56-81-5, 84082-57-5, 84082-70-2, 84787-68-8, 84695-94-3, 85117-19-7, 84082-61-1, 84082-83-7

INCI Name: Water, glycerin, alcohol, *Malva sylvestris* (Mallow) extract, *Mentha piperita* (Peppermint) leaf extract, *Primula veris* (Cowslip) extract, *Alchemilla vulgaris* (Lady's Mantle) extract, *Veronica officinalis* (Common Speedwell) extract, *Melissa officinalis* (Lemon Balm) leaf extract, *Achillea millefolium* (Yarrow) extract.

Benefits:

- Inhibits skin cells to produce melanin pigments by inhibiting the tyrosinase activity by reducing melanin biosynthesis
- Skin lightening activity, reduces age spots color intensity, evens skin tone

Use: Use level 3-5%. Do not heat over 60°C. Can be added to finished products, stable in the pH-range of 3 to 6.5. External use only.

Applications: All kinds of skin lightening and anti-age spots formulas. Anti-aging products.

Country of Origin: Switzerland

Raw material source: Various plants including *Malva sylvestris*, *Mentha piperita*, *Primula veris*, *Alchemilla vulgaris*, *Veronica officinalis*, *Melissa officinalis*, and *Achillea millefolium*

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate.

Animal Testing: Not animal tested

GMO: GMO-free

Vegan: Does not contains animal-derived components
