

Willow Bark Skin Cleanser for Irritated Skin (for Pump Foamer Bottle) - 1099

Ingredient	Function	Percent	Wgt (g)	Wgt (oz)	Vol (tsp.)
Phase A					
Distilled Water (aqua)		69.10	165.84	5.85	33.17
Willow Bark Extract (glycerin, water, Salix Alba [Willow] bark extract)		5.00	12.00	0.42	2.40
Glycerin (glycerin)		2.00	4.80	0.17	0.96
Provitamin B5 (d-panthenol, water)		1.00	2.40	0.08	0.48
PEG-7 Glyceryl Cocoate (PEG-7 glyceryl monococoate)		1.00	2.40	0.08	0.48
EDTA (tetrasodium ethylenediaminetetraacetic acid tetrasodium salt)		0.20	0.48	0.02	0.10
Phase B					
Sulfosuccinate (disodium laureth sulfosuccinate)		15.00	36.00	1.27	7.20
Coco Betaine (cocamidopropyl betaine)		5.00	12.00	0.42	2.40
Phase C					
Provitamin B5 (d-panthenol, water)		0.50	1.20	0.04	0.24
Paraben-DU (propylparaben, methylparaben, diazolidinyl urea, propylene glycol)		1.00	2.40	0.08	0.48
Fragrance Coconut		0.20	0.48	0.02	0.10

Method

Add phase A into a disinfected glass jar and mix well to dissolve the gum and edta. Add phase B to phase A while stirring gently to avoid too much foaming. Add phase C to phase A/B and stir again. Fill the face cleansing liquid into a pump foamer bottle. The bottle device will produce fine foam. (Can not be compared to dense white shaving foam from a pressurized can).

Properties

Mild skin cleanser for daily use with willow bark extract and provitamin B5 that act as astringent and soothing ingredients. The special foamer bottle provides a creamy foam.
