Phenoxyethanol SA	Phenoxyethanol, Caprylyl Glycol, Sorbic Acid	Preservative	1.00	1.00	0.04

Procedure

Phase A: Combine phase A in order, blend well. Sprinkle GelMaker® PH into phase A under agitation, until solution thickens. Heat to 70C.
Phase B: Combine ingredients and heat to 70C
Add phase A to phase B under good agitation. Homogenize for a short time.
Phase C: Cool to room temp. and add phase C under good blending.

pH 5.0

Properties

Rejuvenate your eyes overnight with this deeply hydrating treatment. Specifically formulated to target puffiness, it harnesses the power of rice-derived ingredients—including Soy Rice Peptides, MoistureCC Rice, and Ectoin. Infused with potent tocotrienol antioxidants, it works to regenerate your skin while precious emollients gently nourish the delicate eye area.
