

1603 - Wild Rose & Tea Facial Mist (50.00g)

Ingredient	Function	Percent	Wgt (g)	Wgt (oz)	Vol (tsp.)
Phase A					
Distilled Water (aqua)	Diluent	88.90	44.45	1.57	8.89
Methyl Gluceth-10 (methyl gluceth-10)	Humectant	2.00	1.00	0.04	0.20
Rose Flower Extract Rose (rosa canina) Extract	Botanical	5.00	2.50	0.09	0.50
White Tea Extract (glycerin, water, Camellia sinensis [White Tea] extract)	Botanical	2.50	1.25	0.04	0.25
Xanthan Gum, Prehydrated (xanthan gum)	Thickener	0.10	0.10	0.00	0.02
Hyaluronic Acid SLMW (sodium hyaluronate)	Humectant	0.20	0.10	0.00	0.02
Phase B					
Polysorbate 20 (polysorbate 20)	Solubilizer	0.50	0.50	0.02	0.10
Natural Rose Rose	Fragrance (optional)	0.10	0.05	0.00	0.01
Phase C					
Phenylpropanol EHG Phenylpropanol, ethylhexyl glycerin	Preservative	0.70	0.35	0.01	0.07

Method

1. Combine phase A ingredients by dissolving the hyaluronic acid in the water. 2. Blend remaining ingredients (except xanthan gum) and blend well. 3. Add xanthan gum and blend well until smooth (stick blender, homogenizer). 4. Add phase B and blend well. 5. add phase C and blend well. Can be packaged into a small bottle with spray device. Can easily be spritzed onto the skin after cleansing. Can also be added as a moisturizing primer under cream, or foundation.

Properties

Deeply moisturizing with wild rose and white tea extract, has strong anti-oxidant and anti-aging properties. Super low molecular weight Hyaluronic acid deeply moisturizes the skin. This facial mist can also be applied before makeup and is suitable for the oily skin as well.
