Method

Weight ingredients and add to a heat resistant glass beaker. Heat to 70C until fully melted, stir well. Pour into mold and let cool in the fridge.

Properties

One ButterMelt butter bonbon is enough for the whole body - contains natural emollients, orange peel and shea butter to soften & nourish the skin. Glide one bonbon all over skin right after showering when skin is still damp and warm, then work gently into the skin. Leaves skin super smooth, moisturized and smelling delicious!
