

Peppermint Foot & Leg Creme - 1163

Ingredient	Function	Percent	Wgt (g)	Wgt (oz)	Vol (tsp.)
Phase A					
Concentrated Cream Base		94.60	94.60	3.34	18.92
Aloe Vera 10x Concentrate (aloe barbadensis)		1.00	1.00	0.04	0.20
Horse Chestnut Extract (glycerin, water, Aesculus hippocastanum [Horse Chestnut] seed extract)		2.00	2.00	0.07	0.40
Salicylic Acid (salicylic acid)		1.00	1.00	0.04	0.20
Phase B					
Menthol Crystals (menthol)		0.10	0.10	0.00	0.02
Fragrance Peppermint Oil, Organic		0.30	0.30	0.01	0.06

Method

Add phase A into a disinfected glass beaker. Mix the liquids into the base until the creme looks smooth. Add salicylic acid and mix well, it will dissolve with the water in the creme if mixed long enough. Add phase B and stir again well until smooth. Check the fragrance and increase amounts if needed.

Properties

Revive your legs & feet! With cooling menthol & moisturizing aloe. Mild exfoliation due to Salicylic acid. Non-oily and soothing.
