ABOUT US

MakingCosmetics Inc. was founded in 1997 and we specialize in ingredients for making makeup, conditioner, lotion, and other personal care products and color cosmetics. We are proud to be one of the very first companies in the United States that has established itself as a leading retail supplier of cosmetic ingredients for businesses and individuals.

We are a FDA-registered, ISO certified, and OTC-licensed cGMP/FDA ingredient supplier. We offer a wide range of cosmetic and makeup ingredients, raw materials, and tools for manufacturing personal care products, and color cosmetics.

We are committed to providing you as many raw materials as possible derived from truly natural, GMO-free, and sustainable sources allowing you to create pure natural products that are commercially not available.

Cosmeceuticals

Cosmeceuticals contain bioactive ingredients used in skincare applications to achieve optimal performance for beautification, cleansing, firming, and more. Each of these ingredients have a unique mechanism of action, and these compounds work together synergistically to produce the desired effect. There are many individual categories of these compounds, but collectively they are referred to as cosmeceuticals.

We carry hundreds of cosmeceutical ingredients in bulk, and our professional chemists can help you choose which ones would work best with your unique formula.

ActiCaps® Eyes

Item No. CAPS-EYES-01-5

Single dose vegetal capsules filled with a concentrated dose of argireline (10% Acetyl Hexapeptide-8) & Acetyl Tetrapeptide-5.

CAS: 9006-65-9, 243137-53-3, 540-97-6, 541-02-6, 41669-30-1, 63148-62-9, 67762-83-8, 7070-58-2, 7732-18-5, 5949-29-1, 54-21-7, 820959-17-9, 616204-22-9, 122-99-6.

INCI NAME: Dimethicone, dimethicone/vinyl dimethicone crosspolymer, cyclohexasiloxane, cyclopentasiloxane, isostearyl isostearate, BIS-PEG/PPG-14/14 dimethicone, stearyl dimethicone, octadecene, citric acid, sodium salicylate, pseudoalteromonas exopolysaccharides, acetyl tetrapeptide-5, acetyl hexapeptide-8

Benefits:

- Helps reduce appearance of puffiness and bags under eyes
- Relaxes facial tension

Applications: Apply directly to the skin as additional treatment or as a primer under makeup. For external use only.

Prices starting at \$13.50

Ajurana EyeContour

Item No. AAG-AYUCONT-01-60

100% natural oily extract, enriched with the protective molecules of the Terminalia arjuna tree which is known to contain cardiogenic molecules.

CAS: 112-80-1, 93456-04-3, 8002-43-5

INCI NAME: Oleic acid, Terminalia Arjuna (arjuna) extract, lecithin

Benefits:

- Visibly reduces eye puffiness and attenuates wrinkles and fine lines under eyes
- Reduces blue pigmentation of dark circles
- Stimulates microcirculation around the eye area.

Applications: Eye treatments, eye gels & creams, anti-dark circle treatments, anti-puffiness treatments.

Prices starting at \$27.40

OcuFirm Herbal Blend

Item No. BOT-OCUHERB-01-60

Hydrosoluble, standardized herbal blend of horse chestnut extract, lady's thistle extract, green tea extract and germinated wheat protein.

CAS: 107-88-0, 7732-18-5, 84650-60-2, 100209-50-5, 222400-28-4, 39236-46-9, 24634-61-5

INCI NAME: Aesculus Hippocastanum (horse chestnut) extract, Silybum Marianum (lady's thistle) extract, Camellia Sinensis (tea plant) extract, hydrolyzed wheat protein

Benefits:

- Effective treatment for the eye area as it reduces puffiness
- Stimulates circulation and improves the appearance of swollen eyes
- Has free radical scavenging properties (antioxidant effect)

Applications: Eye treatments, eye serums, creams, lotions

Prices starting at \$16.60

Palmitoyl Peptide Complex

Item No. AAG-HALX-01-60

Combination of active ingredients able to reduce appearance of dark circles under the eyes that are caused by colored blood pigments in the skin.

CAS: 7732-18-5, 56-81-5, 9005-00-9, 6066-82-6, 480-40-0, 147732-56-7, 221227-05-0

INCI NAME: Water, glycerin, steareth-20, N-hydroxysuccinimide, chrysin, palmitoyl tripeptide-1, palmitoyl tetrapeptide-7

Benefits:

- Can reduce the appearance of dark circles under the eyes and reinforce firmness and tone of the eye area
- Can be combined with soy-rice peptide for anti-puffiness and anti-dark circle products

Applications: Dark-circle treatment products such as creams, gels and lotions, eye contour care and concealers.

Prices starting at \$44.80

Soy-Rice Peptides

Item No. AAG-SRPT-01-5000

Botanical active complex consisting of yeast enzymes (oxido-reductases), soy peptides & rice peptides (hydrolyzed rice bran extract).

CAS: 194350-05-7, 9010-10-0, 8013-01-2, 56-81-5, 7732-18-5

INCI NAME: Hydrolyzed rice bran proteins, glycine soya protein, oxidoreductases

Benefits:

- Has been shown in clinical studies to reduce significantly the appearance of dark circles & puffiness around the eyes
- Showed 35% reduction after 8 weeks treatment in a clinical study
- Regular application will make the skin look smooth, rejuvenated, and regenerated

Applications: Anti-aging & anti-wrinkle creams & lotions, eye gels.

Prices starting at \$34.90

Vitamin E Nicotinate

Item No. VIT-VITE-03-5000

Vitamin E Nicotinate is an ester of tocopherol and nicotinic acid. It has antioxidant and vasodilatory properties. It can be used as a mild warming agent, without producing the redness typical for nicotinic acid. Purity >96%

CAS: 86362-36-9

INCI NAME: ATocopheryl Nicotinate

Benefits:

- Microcirculation improvement effect
- May have hair growth enhancing properties by focusing on the microcirculation improvement effect
- Warming sensation on the skin which may help with diminishing dark under eye circles

Applications: Skin care: Lotions, massage creams, facial masks, lip creams, moisturizers. Hair care: Hair growth enhancers, shampoos & conditioners

Prices starting at \$24.70

ActiCaps® Argireline

Item No. CAPS-ARGI-01

Prices starting at \$9.50

Single dose vegetal capsules filled with a concentrated dose of argireline (10%). Vegan, gluten-free.

CAS: 541-02-6, 616204-22-9, 92044-87-6, 67762-83-8, 7732-18-5, 616204-22-9, 112-88-9, 9006-65-9, 122-99-6.

INCI NAME: Cyclopentasiloxane, dimethicone crosspolymer, ethylhexyl cocoate, BIS-peg/ppg-14/14 dimethicone, stearyl dimethicone, acetyl hexapeptide-8, octadecene, dimethicone

Benefits:

- Relaxes facial tension which can reduce the appearance of superficial facial lines and wrinkles with regular use
- Capsules prevent degradation of active ingredients maintaining efficacy until the time of use

Applications: Apply directly to the skin as additional treatment or as a primer under makeup. For external use only.

ActiCaps® Retinol

Item No. CAPS-RETIN-01

Single-dose vegetal capsules filled with a dose of retinol (~0.22%) & dimethylmethoxy chromanol (~0.05%).

CAS: 29806-73-3, 8001-29-4, 111-01-3, 103213-19-0, 95912-86-0, 64742-46-7, 187547-43-9, 183476-82-6, 8001-22-7, 9007-48-1, 68-26-8, 128-37-0.

INCI NAME: Ethylhexyl palmitate, gossypium herbaceum (cotton) seed oil, squalane, diisostearyl dimer dilinoleate, coco-caprylate/caprate, C13-15 alkane, diisostearyl polyglyceryl-3 dimer dilinoleate, ascorbyl tetraisoalmitate, glycine soja (soybean) oil, polyglyceryl-6 oleate, retinol, dimethylmethoxy chromanol, BHT, fragrance (parfum)

Benefits:

- Boosts skin renewal, helps diminish signs of aging and wrinkles, and adds firmness and elasticity to the skin

Applications: Apply directly to the skin as additional treatment or as a primer under makeup. For external use only.

Prices starting at \$9.50

Argireline Amplified

Item No. AAG-ARGIAMP-01

Multifunctional peptide solution designed and produced following green chemistry principles that represents a further development and improvement of Argireline compounds. The peptide shows an amplified efficacy in regulating the pre-synaptic mechanism behind expression wrinkles, but it also acts at the postsynaptic level to produce softer muscle contraction and improved muscle relaxation after an expression.

CAS: 616204-22-9, 7732-18-5, 532-32-1

INCI NAME: Acetyl hexapeptide-8

Benefits:

- MPeptide shows an amplified efficacy in regulating the skin tightening properties

Applications: Anti-aging and anti-wrinkle creams, lotions, & gels, sun care & after sun products.

Prices starting at \$47.80

Bakuchiol

Item No. AAG-BAKUCH-01

Retinol-like, 100% natural, anti-aging & anti-blemished skin compound extracted from the edible seeds of the Psoralea Corylifolia plant, a herb that is widely used in Indian as well as in Chinese medicine.

CAS: 10309-37-2, 7732-18-5

INCI NAME: Bakuchiol

Benefits:

- Effective active agent against blemished and impure skin.
- Balances natural regulation of sebum production.
- Bakuchiol has anti-aging and anti-wrinkle properties by having retinol-like activities.

Applications: Anti-blemish skin products, face creams, lotions, anti-aging & anti-wrinkle products.

Prices starting at \$69.90

Beta Glucan

Item No. AAG-MUGL-01

Beta-Glucan is a natural high-molecular weight polysaccharide naturally occurring in the cell walls of cereals, yeast, bacteria, and fungi.

CAS: 53238-80-5, 7732-18-5, 56-81-5, 6920-22-5, 5343-92-0

INCI NAME: Beta glucan, water, glycerin

Benefits:

- Serves as 'protect and repair' molecule as it increases natural self-protecting capabilities of the skin and also accelerates skin recovery
- Due to its high molecular weight it also has good water-binding capacity and therefore moisturizing effects
- Has been shown to stimulate collagen production in-vitro and can reduce appearance of fine lines and wrinkles.

Applications: Skin lotions, anti-aging products, skin serums, masks, special skin treatments, makeup.

Prices starting at \$19.00

Blue Flax Extract

Item No. BOT-BLUEFLAX-01

Extract obtained from the leaves and stem of the Linum Alpinum (Blue Flax) flower. Show to reduce skin irritation by decreasing the production of ICAM-1.

CAS: 905593-74-0, 56-81-5, 7732-18-5, 77-92-9, 24634-61-5

INCI NAME: Linum Alpinum (blue flax) flower extract

Benefits:

- Effective anti-irritant properties. Ideal for sensitive and dry skin
- Helps to reduce and calm skin irritations and blemishes
- Very valuable ingredient in after-shave and anti-aging products

Applications: Moisturizing and soothing products, sensitive skin, Anti-aging, post-depilation treatments, after-shaves products.

Prices starting at \$24.40

CBD Isolate (Cannabidiol)

Item No. AAG-CBDISOL-01

Cannabidiol (CBD) is a phytocannabinoid obtained from the hemp plant (*Cannabis sativa*). It comes as a 99.9% pure isolate powder that is non-GMO, pesticide-free, herbicide-free, and THC free.

CAS: 13956-29-1

INCI NAME: Cannabidiol

Benefits:

- High-purity CBD isolate with no THC (tetrahydrocannabinol). Legal THC limit is 0.3%.
- Non-GMO, pesticide-free, herbicide-free
- Allowed to be used as cosmetic ingredient in the USA

Applications: Anti-aging serums, soothing creams & lotions, oil tinctures, oil serums.

Prices starting at \$15.70

Ceramide Complex

Item No. AAG-CERCX-01

Vegetable-derived lipid concentrate consisting of a multi-lamellar system with ceramides III, IIIB and VI (2.5%), cholesterol (0.5%), free fatty acids & phytosphingosine (1%) that resembles the structure of the lipid barrier the skin.

CAS: 72968-43-5, 100403-19-8, 627881-96-3, 13552-11-9, 80356-14-5, 13557-75-0, 600-07-7, 11138-66-2, 7732-18-5, 122-99-6, 70445-33-9

INCI NAME: Ceramide NP, ceramide AP, ceramide EOP, phytosphingosine, cholesterol, sodium lauroyl lactylate, carbomer, xanthan gum

Benefits:

- Promotes enhanced delivery and exchange of skin lipids
- Restores the protective barrier function of the skin

Applications: Anti-aging and anti-wrinkle creams, lotions. Creams for sensitive & dry skin, sun care & after sun products.

Prices starting at \$58.90

Coenzyme Q10 (with Vit. E & C)

Item No. AOX-COQ10-01

Vitamin-like molecule (ubiquinone, ubidecarenone) obtained from plant material Q10 is encapsulated in nano-sized liposomes consisting of a phospholipid double nano-emulsion with vitamin E and vitamin C.

CAS: 8002-43-5, 303-98-0, 183476-82-6, 59-02-9, 68956-68-3, 532-32-1, 56-81-5, 7732-18-5

INCI NAME: Lecithin, ubiquinone, ascorbyl tetraisopalmitate, tocopherol, vegetable oil, sodium benzoate, glycerin, water

Benefits:

- Potent moisturizer as liposomes can penetrate into skin minimizing water-loss.

Applications: Anti-aging & anti-wrinkle products, hair treatments/hair serums, pre/after sun lotions, hydrating / rejuvenating & moisturizing skin care products.

Prices starting at \$51.80

Coffee Seed Extract

Item No. BOT-COFFSEED-01

Botanical extract obtained from Coffea Arabica (Coffee) seeds. Caffeine content about 100 ppm. Dissolved in water, glycerin, and propanediol. Contains proteins, polysaccharides, methylxanthines, sucrose, lipids, caffeine, trigonelline, and minerals.

CAS: 56-81-5, 7732-18-5, 504-63-2, 84650-00-0, 532-32-1, 24634-61-5

INCI NAME: Coffea Arabica (coffee) seed extract

Benefits:

- Has potent antioxidant properties protecting the skin from antioxidant stress
- Acts as anti-aging, anti-wrinkle, and anti-cellulite agent
- Provides photo-protection and hair color protection

Applications: Anti-aging & anti-wrinkle serums, creams & lotions, after-sun care, sunscreens, hair color protection products, toners

Prices starting at \$14.10

DAP Tripeptide-33

Item No. AAG-DAPT33-01

Novel peptide that has been shown in multiple in-vitro studies to actively prevent damages induced directly or indirectly by UV radiation to DNA and proteins in skin cells thereby preventing skin from photo-aging.

CAS: 7732-18-5, 1117-86-8

INCI NAME: Ceramide NP, ceramide AP, ceramide EOP, phytosphingosine, cholesterol, Water, diaminopropionoyl tripeptide-33, caprylyl glycol

Benefits:

- In-vitro, the peptide is able to quench the most cytotoxic product of lipid peroxidation, 4-hydroxynonenal, therefore inhibiting the formation of carbonylated proteins and preventing DNA damage.

Applications: Anti-aging & anti-wrinkle products, pre/after sun lotions, photo-defense treatments, eye wrinkle treatment.

Prices starting at \$38.90

EyeComplex 4

Item No. AAG-EYECPLX-01

Multifunctional complex consisting of hyaluronic acid, palmitoyl tripeptide-5, panthenol, and algae extract which have a synergistic effect on reducing the appearance of fine lines, wrinkles, dark circles around the eyes.

CAS: 623172-56-5, 81-13-0, 9067-32-7, 92128-82-0, 122-99-6, 77-92-9, 532-32-1, 70445-33-9, 24634-61-5, 599-04-2, 7732-18-5

INCI NAME: Palmitoyl tripeptide-5, panthenol, sodium hyaluronate, Dunaliella salina (algae) extract

Benefits:

- Reduces visibly the appearance of fine lines and wrinkles around the eye, usually within one week
- Reduces the appearance of dark circles around the eyes

Applications: Anti-aging & anti-wrinkle products, hydrating skin care treatments, eye wrinkle treatment, anti-dark circle products

Prices starting at \$56.00

Fullerene

Item No. AAG-FULLERHA-01

Fullerene is a 3-dimensional, spherical molecule consisting of 60 carbon atoms. It is unique in that it is able to engage in strong antioxidant activities (quenching free radicals) without being inactivated in the process like other antioxidants such as vitamin C.

CAS: 99685-96-8, 9067-32-7, 107-88-0, 7732-18-5

INCI NAME: Fullerene, sodium hyaluronate, butylene glycol, water

Benefits:

- Extremely stable, effective, and continuously active antioxidant (1,000 times more effective than vitamin C)
- In studies appearance of wrinkles was reduced significantly
- Effectively improves blemished and irritated skin and reduce oily skin

Applications: Anti-aging and anti-wrinkle creams, anti-blemished skin treatments, skin-whitening treatments, face masks, sun care & after sun products.

Prices starting at \$65.60

Galactoarabinan

Item No. HUM-GALCTAR-01

Natural, multifunctional polysaccharide (polymeric sugar called Arabinogalactan) obtained from the Eastern Larch Tree (larch larcinia) heartwood from trees which are grown in the United States.

CAS: 9036-66-2, 7732-18-5

INCI NAME: Galactoarabinan

Benefits:

- Improves skin appearance & decreases appearance of superficial fine lines
- Reduces emulsion particle size to enhance emulsion uniformity and promote stability
- Facilitates uniform aqueous dispersion of pigments and particulate materials

Applications: Anti-wrinkle & anti-aging moisturizing lotions, creams, & serums. Sun care products, makeup products & other color cosmetics.

Prices starting at 138.90

Ginger Root Extract

Item No. BOT-GINGROOT-01

Extract made from Ginger (Zingiber Officinale Roscoe) roots.

CAS: 56-81-5, 7732-18-5, 84696-15-1

INCI NAME: Zingiber Officinale Roscoe (ginger root) extract

Benefits:

- Has antioxidant, anti-microbial, enzymatic, and collagen-protecting activities
- Allows the maintenance of protein levels in the dermis and skin flexibility
- Used to minimize flaky scalp and treat split and dry hair

Applications: Anti-aging, anti-cellulite and anti-wrinkle skin care products. Hair care products to treat flaky scalps. Color cosmetics.

Prices starting at \$13.90

Ginkgo Biloba Leaf Extract

Item No. BOT-GINKGOBILB-01

Extract from the leaves of the Ginkgo Biloba tree.

CAS: 56-81-5, 7732-18-5, 90045-36-6

INCI NAME: Ginkgo Biloba (ginkgo) leaf extract

Benefits:

- Contain flavonoids and ginkgolides (ginkgolides A, B, C, and J) which are well-known to antioxidant, regenerating, lipolytic and reepithelizing effects
- Ideal for products for the protection of skin and hair integrity against oxidative agent
- Very useful in anti-irritant and skin regenerating products

Applications: Anti-aging, anti-cellulite, anti-wrinkle products, and anti-irritating skincare products. Hair color protection products.

Prices starting at \$65.60

Glycan Booster Peptide

Item No. AAG-GLBST-01

Tripeptide that has been found in in-vitro studies to increase the expression of decorin and lumican - two important proteoglycans that support the formation of new collagen fibrils

CAS: 934368-60-2, 7786-30-3, 56-81-5

INCI NAME: Tetradecyl aminobutyroylvalylaminobutyric urea trifluoroacetate, magnesium chloride

Benefits:

- Shown to stimulate the biosynthesis of structural skin proteins including hyaluronan & proteoglycans like decorin and lumican by up to 300% in various in-vitro test systems
- Used to remodel facial contours and hydration.

Applications: Anti-aging and anti-wrinkle products, pre- and after sun lotions, hydrating and rejuvenating skin care products.

Prices starting at 44.90

Helichrysum Extract

Item No. BOT-HELICHRYSUM-01

Helichrysum extract is produced from the flowers of the Helichrysum plant. Dissolved in water and glycerin.

CAS: 56-81-5, 7732-18-5, 24634-61-5, 532-32-1

INCI NAME: Helichrysum Stoechas (everlasting) flower extract

Benefits:

- Has anti-microbial and purifying actions due to essential oils and phytosterols
- Provides photo protection from the various phenol compounds

Applications: Anti-aging and anti-wrinkle products, skin toners, products for oily skin, hair care products, blemished skin creams, sun care and after-sun products.

Prices starting at \$43.90

Hyaluronic Acid Multiplex 7

Item No. HUM-HYALPLX7-01

Optimized ratio of seven unique molecular weights of hyaluronic acid. 3'000-2'300'000 DaMW For comprehensive multi-level skin care.

CAS: 9067-32-7, 7732-18-5, 6920-22-5

INCI NAME: Water, 1,2-hexanediol, sodium hyaluronate

Benefits:

- Provides maximum moisturization to the skin
- Contains low-molecular sodium hyaluronate to combat preliminary aging, increase skin elasticity for deep hydration and nourishment
- Stimulates skin to produce more hyaluronic acid for deeper moisturization and younger looking skin

Applications: Anti-aging & anti-wrinkle lotions, serums and creams. Moisturizing products, sun care products, toners, facial mists.

Prices starting at \$18.60

Knotgrass Flavonoids

Item No. AAG-KNTFL-01

First botanical active ingredient designed to fight infrared-induced skin aging (Infra Aging), a breakthrough concept in skin photo-protection and photo-aging.

CAS: 84604-04-6

INCI NAME: Polygonum Aviculare (knotgrass) extract

Benefits:

- In-vitro studies have shown that Knotgrass Flavonoids are able to protect fibers of papillary and reticular dermis
- Makes the skin look firmer, stronger and more rejuvenated
- Reduces the appearance of wrinkles and fine lines

Applications: Anti-aging & anti-wrinkling products, sun care and sunless tanning products.

Prices starting at \$1.30

Lingonberry Stem Cells

Item No. AAG-LINGOSC-01

Plant stem cells obtained from Lingonberry (vaccinium vitis-idaea) which is a superfruit rich in vitamins C, vitamin E, and polyphenols with protective and repairing properties against the damaging effects of sun radiation.

CAS: 7732-18-5, 56-81-5, 90131-85-4, 11138-66-2, 532-32-1, 77-92-9, 90-80-2, 299-28-5

INCI NAME: Vaccinium Vitis Idaea (lingonberry) fruit extract, xanthan gum

Benefits:

- Can increase the natural antioxidant mechanisms of skin cells and decrease mediators that induce skin irritation
- Prevents and repairs skin damage caused by ultraviolet and infrared radiation

Applications: Photo aging repair, sun protection products, anti-aging products, creams lotions, primers, foundations.

Prices starting at \$30.20

LiPeptide

Item No. AAG-LIPEP-01

Advanced lip plumper formula containing a combination of tripeptide GHK (tripeptide-1) and hyaluronic acid that comes in specially reduced and homogeneous particles for improved skin penetration.

CAS: 4390-04-9, 66070-58-4, 68648-89-5, 9067-32-7, 11138-66-2, 122-99-6, 147732-56-7

INCI NAME: Isohexadecane, ethylene/propylene/styrene copolymer, butylene/ethylene/styrene copolymer, sodium hyaluronate, xanthan gum, tripeptide-1

Benefits:

- Moisturizes, plumps and minimizes fine vertical lines of the lips
- Keeps lip contour in shape
- Lip volume increased by 30% on average in clinical studies

Applications: Lipsticks, lip plumping formulas, lip balms, lip gloss.

Prices starting at \$28.10

Natural Ferulic Acid

Item No. AOX-FERACID-01

Ferulic acid is a naturally occurring antioxidant found in many plants and seeds. Natural ferulic acid is extracted and refined from the rice bran of sativa Linne (Gramineae).

CAS: 1135-24-6

INCI NAME: Ferulic acid

Benefits:

- Very powerful antioxidant and anti-aging agent
- Acts as a synergistic with other antioxidants especially vitamin C and E
- Can neutralize several damaging free radicals such as superoxide, hydroxyl radical and nitric oxide

Applications: Anti-aging serums, face creams, lotions, eye creams, lip treatments, sunscreens, antiperspirants.

Prices starting at \$13.75

Natural Quinoa Peptide

Item No. AAG-NATPEPT-01

Dual acting superfood derived natural peptide obtained from the seeds of the herbaceous annual plant Chenopodium Quinoa.

CAS: 223749-71-1

INCI NAME: Chenopodium Quinoa Seed Extract

Benefits:

- Visibly reduces under eye bags & puffiness for well rested eyes
- Diminishes eyelid creases and folds to lift and reshape the eyes
- Derived from sustainable plant source from an ancient grain.

Applications: Anti-aging & anti-wrinkle products, eye wrinkle treatment, hydrating skin care treatments, lip products.

Prices starting at \$18.20

Oat Protein, Hydrolyzed

Item No. PRT-OAT-01

Hydrolyzed oat protein increases body, shine & manageability to hair as well as imparting protection and nourishment to the skin.

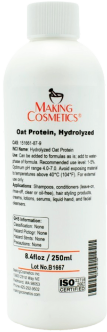

CAS: 151661-87-9

INCI NAME: Hydrolyzed Oat Protein

Benefits:

- Retains moisture in the skin
- Softening of the skin, provides a moisturizing feel
- Excellent tensor and film-forming properties that increases firmness of the skin

Applications: Shampoos, conditioners (leave-on, rinse-off, clear or oil-free), hair styling products, creams, lotions, serums, liquid hand, and facial cleansers.

Prices starting at N/A

Orange Stem Cells

Item No. AAG-ORANGSC-01

Orange stem cells are undifferentiated cells that have the capacity to regenerate the whole plant.

CAS: 7732-18-5, 56-81-5, 11138-66-2, 532-32-1, 90-80-2, 299-28-5

INCI NAME: Citrus Aurantium Dulcis (Orange) callus culture extract, xanthan gum

Benefits:

- In vitro, orange stem cells can increase the proliferation of skin cells, improve the tissue structure, and increase the synthesis of collagen and other key proteins of the extracellular matrix
- Orange stem cells can restore and improve the appearance of the skin to recover the quality of a young skin

Applications: Anti-aging preventive products, moisturizers, cellular regenerator, intensive facial treatments, makeup.

Prices starting at \$48.90

Orchid Stem Cells

Item No. AAG-ORCHIDSC-01

Plant stem cells obtained from a Japanese orchid flower (Calanthe Discolor).

CAS: 7732-18-5, 56-81-5, 11138-66-2, 532-32-1, 90-80-2, 299-28-5

INCI NAME: Calanthe Discolor (orchid) extract, xanthan gum

Benefits:

- Provides a broad rejuvenating effect.
- Provides a drooping eye lifting effect helping to open the eye for a refreshed look
- Reduces appearance of fine wrinkles, dull and rough skin

Applications: Anti-aging treatments, eye creams, lifting creams, moisturizers and serums, anti-wrinkle care.

Prices starting at \$40.80

Palmitoyl Isoleucine

Item No. AAG-PALMISOL-01

Lipo-aminoacid derived from the naturally occurring essential amino acid isoleucine that is known for its ability to support tissue repair and lift vital proteins on the skin.

CAS: 54617-29-7

INCI NAME: Palmitoyl isoleucine

Benefits:

- Acts as a plumping agent for a natural alternative to lipo-filling and detoxifying anti-pollution agent
- Has the ability to fill wrinkles and reshape volume of the cheeks
- Facial volume is redefined and elasticity is increased after 2 months of treatment

Applications: Anti-aging, anti-wrinkle, and detoxifying skin care products, lip care products

Prices starting at \$28.50

Palmitoyl Tripeptide-38

Item No. AAG-MATR6-01

Anti-wrinkle, Anti-aging peptide derived from the tripeptide KMK naturally found in collagen VI and laminin.

CAS: 128446-35-5, 1101175-36-3, 56-81-5, 7732-18-5

INCI NAME: Hydroxypropyl cyclodextrin, palmitoyl tripeptide-38

Benefits:

- Improves appearance of skin relief, fine lines, and wrinkles from the inside particularly on the forehead and crow's feet
- In-vitro studies have found a matrikine-like effect that stimulates the synthesis of six major proteins including collagen I, II, IV, fibronectin, hyaluronic acid and laminin 5

Applications: Anti-aging and anti-wrinkle creams and lotions.

Prices starting at \$36.60

Paullinia Cupana Seed Extract

Item No. AAG-PAULLCUP-01

Patented complex of multiple bioactive components.

CAS: 9050-36-6, 84929-28-2, 58-08-2, 541-15-1, 9004-34-6, 23537-25-9, 34644-00-3

INCI NAME: Maltodextrin, Paullinia Cupana (guarana) seed extract, caffeine, carnitine, microcrystalline cellulose, cysteic acid, calcium pantothenate sulfonate

Benefits:

- Has skin-re-shaping, skin-tightening and skin-smoothing properties
- Nourishes the skin & hair with bioactive components
- Protects the skin from antioxidant stress

Applications: Anti-aging, anti-wrinkle and skin-cellulite products.

Prices starting at \$34.50

Polymethylsilsesquioxane

Item No. ELL-POLYMETSILSEQ-01

High-performing spherical silicone powder providing enhanced aesthetics and wrinkle-masking effects.

CAS: 68554-70-1

INCI NAME: Polymethylsilsesquioxane

Benefits:

- Gives skin a smooth, silky, powdery feeling and masks and blurs wrinkles
- Effectively absorbs sebum
- Enhances water repellency

Applications: Creams, foundations, lipsticks, eye shadows, eyeliners, mascara and powder products.

Prices starting at \$12.30

SeaFerment SA

Item No. AAG-SEAFE-01

Active ingredient obtained through biotechnology from pseudo-alteromonas bacteria inhabiting extreme marine environments.

CAS: 7732-18-5, 267233-41-0, 69-72-7, 77-92-9, 54-21-7

INCI NAME: Pseudo-Alteromonas ferment extract, salicylic acid, citric acid, sodium salicylate

Benefits:

- In-vitro studies have shown that SeaFerment enhances synthesis of dermal proteins (collagen)
- Regular use can visibly reduce the roughness of the lipstick line above the upper lip induced by aging

Applications: Anti-aging & anti-wrinkle products, lip creams & gels, use twice daily for best results.

Prices starting at \$33.30

SkinFirm Dipeptide

Item No. AAG-SFDP-01

Two peptides that interact with the most relevant protein structures of the dermal-epidermal junction including laminin, integrin and various collagens.

CAS: 56-81-5, 7732-18-5, 883558-32-5, 794590-34-4

INCI NAME: Palmitoyl dipeptide-5 diaminobutylol hydroxythreonine (tetrapeptide), palmitoyl dipeptide-5 diaminohydroxybutyrate (tripeptide)

Benefits:

- Leads to skin compactness, reduces appearance of wrinkles, increases tonicity & firmness
- Makes the skin look firmer, younger and rejuvenated and nourished

Applications: Skin restoring & anti-aging creams, eye creams, serums, after-sun products, makeup, sunscreens.

Prices starting at \$64.00

SkinLift DPHP

Item No. AAG-SKLFT-01

Plant-derived lipid agent consisting of hydroxyproline (natural amino acid essential for skin collagen synthesis) and palmitic acid (natural fatty acid).

CAS: 41672-81-5**INCI NAME:** Dipalmitoyl hydroxyproline**Benefits:**

- Can maintain integrity of the skin barrier
- Contains a hydroxyproline vehicle that moisturizes, strengthens, and rejuvenates the skin.
- Effective for lip plumping

Applications: Anti-aging, anti-wrinkle & anti-stretch mark creams & lotions, firming & toning products, moisturizing and lip treatment formulations.

Prices starting at \$29.90

SkinRenewal Complex

Item No. EXF-SKREN-01

Complex of natural active ingredients consisting of low molecular weight glycosaminoglycans (500-2000 daltons) and polysaccharides from marine sources.

CAS: 7732-18-5, 57-13-6, 66-84-2, 92128-82-0, 90046-12-1, 84604-16-0**INCI NAME:** Water, urea, Glucosamine HCL, Laminaria Digitata extract, Saccharomyces Cerevisiae extract**Benefits:**

- Skin renewal booster and calming skin exfoliator
- Unlike alpha-hydroxy acids and retinol, SkinRenewal Complex has a calming effect on the skin

Applications: Anti-aging & anti-wrinkle creams, AHA-free mild exfoliating products, hair care products, makeup.

Prices starting at \$54.90

SkinTight C-Root

Item No. AAG-CROL-01

Oligosaccharides (sugars) obtained from chicory root (Cichorium intybus).

CAS: 7732-18-5, 56-81-5, 39300-88-4**INCI NAME:** water, glycerin, cichorium intybus (chicory) root oligosaccharides, caesalpinia spinosa gum**Benefits:**

- After regular application the skin looks tight, firm and without signs of fatigue
- Restores splendor of the skin. Enables smoother makeup application
- Clinical studies in vitro and in vivo have shown significant skin improvement
- Shown to increase collagen synthesis in in-vitro test systems

Applications: Tightening lotions and serums, specialty masks, daily moisturizers, make-up formulations.

Prices starting at \$24.90

SN-KE Peptide

Item No. AAG-SNPT-01

Active compound is based on a synthetic tripeptide that mimics the effect of Waglerin 1, found in the venom of the Temple Viper.

CAS: 823202-99-9

INCI NAME: Dipeptide diaminobutyroyl benzylamide diacetate

Benefits:

- The activity of snake peptide reduces the contraction frequency of muscle cells on the face, thereby decreasing the appearance of expression lines
- Best added to skin serums and creams to target wrinkles around eyes, mouth and forehead.

Applications: Anti-aging & anti-wrinkle creams and face serums, can also be combined with other anti-wrinkle active ingredients.

Prices starting at \$69.90

Tomato Lycopene

Item No. AAG-TOMLEU-01

Extract from the fruit, leaf, and stem from Moroccan tomatoes.

CAS: 68650-44-2, 90131-63-8, 8001-21-6, 84604-14-8

INCI NAME: Prunus Armeniaca (apricot) kernel oil, Solanum Lycopersicum (tomato) fruit/leaf/stem extract.

Benefits:

- Rich source of lycopene, a powerful antioxidant
- Makes aged or UV-stressed skin look more youthful and regenerated
- Improves skin hydration and reduces wrinkle appearance

Applications: Anti-aging and anti-wrinkle creams, lotions, gels, sun care & makeup.

Prices starting at \$20.50

Tripeptide-5

Item No. AAG-TRPE-01

Highly bioactive, deeply skin penetrating peptide (palmitoyl tripeptide-5). Has been found in-vitro studies to activate tissue growth factor (TGF-beta).

CAS: 623172-56-5, 56-81-5, 7732-18-5

INCI NAME: Palmitoyl tripeptide-5

Benefits:

- In-vitro tests showed that tripeptide has better collagen building capacity than TGF-beta
- Has good skin firming and moisturizing properties
- Could be used as alternate method to collagen injections used in lip products.

Applications: Anti-aging & anti-wrinkle products, pre/after sun lotions, hydrating skin care treatments, lip products, eye wrinkle treatment.

Prices starting at \$28.90

Vitamin A (retinyl palmitate)

Item No. VIT-VITA-01

GMO-free, highly active, fat-soluble vitamin with various effects on skin (synonym: vitamin A palmitate).

CAS: 79-81-2, 10191-41-0

INCI NAME: retinyl palmitate, tocopherol

Benefits:

- Has potent rejuvenating properties
- Can improve appearance of aged and blemished skin
- Can improve appearance of aged and blemished skin

Applications: All kinds of skin care products (primarily rejuvenating, nourishing & after sun products).

Prices starting at \$48.90

Vitamin A Liposomes (retinol)

Item No. VIT-VITA-03

High-dose, encapsulated vitamin A (retinol) formulated to improve skin penetration.

CAS: 7732-18-5, 111-29-5, 8002-43-5, 68-26-8, 9005-64-5, 64-17-5, 7778-77-0

INCI NAME: Lecithin, retinol, polysorbate 20

Benefits:

- Anti-wrinkle and anti-aging properties
- Protects vitamin A (retinol) in creams from undesirable degradation and loss of function
- Liposomes enable delivery of a high concentration of pure retinol (> 3,000,000 IU/g) to the deeper skin layers due to easy skin penetration

Applications: Anti-aging creams, lotions, & gels, sun care & after sun products.

Prices starting at \$64.90

Vitamin A Microcaps (retinol)

Item No. VIT-VITA-02

Pure vitamin A (retinol) based on a nano-delivery system.

CAS: 7732-18-5, 8001-22-7, 68-26-8, 9004-32-4, 79-14-1, 9005-64-5, 1338-43-8, 9012-76-4

INCI NAME: Water, glycine soja (soybean) oil, retinol, cellulose gum, acrylates/C10-30 alkyl acrylate crosspolymer, chitosan, glycolic acid, polysorbate 20, sorbitan oleate

Benefits:

- Has effective anti-wrinkle and anti-aging properties
- Maintains original properties of vitamin A
- Widely used for irritated and blemished skin

Applications: Anti-aging creams, lotions, & gels. Sun care & after sun products.

Prices starting at \$29.90

Vitamin B3 (Niacinamide), USP

Item No. VIT-NIAC-01

Prices starting at \$5.60

Niacinamide is one of the two forms of vitamin B3 (the other is niacin) and can be found in many foods including yeast, meat, fish, milk, eggs, green vegetables, beans, and cereal grains.

CAS: 98-92-0

INCI NAME: Niacinamide

Benefits:

- Has soothing activity useful for blemished skin
- Can improve the appearance of aged, hyperpigmented and photodamaged skin
- When combined with vitamin A palmitate, niacinamide showed enhanced skin lightening properties

Applications: Products for blemished skin, lotions, creams, sun care & after sun products, makeup products, anti-aging products.

Vitamin B3 (Niacinamide) PC

Item No. VIT-NIAC-02

Prices starting at \$10.50

Niacinamide PC is a new upgraded form of niacinamide with a largely reduced amount of nicotinic acid which may cause unpleasant sensations of heat in the skin.

CAS: 98-92-0

INCI NAME: Niacinamide

Benefits:

- Can improve the appearance of aged, hyperpigmented and photodamaged skin
- Can reduce the appearance of wrinkles and fine lines
- When combined with vitamin A palmitate, niacinamide showed enhanced skin lightening properties

Applications: Products for blemished skin, lotions, creams, sun care & after sun products, makeup products, anti-aging products.

Watermelon Extract

Item No. BOT-WTMEL-01

Prices starting at \$32.00

Highly purified watermelon extract (citrullus lanatus).

CAS: 90244-99-8, 56-81-5, 7732-18-5, 372-75-8, 122-99-6, 532-32-1, 24634-61-5

INCI NAME: Citrullus lanatus (watermelon) fruit extract, glycerin, water

Benefits:

- Watermelon plants produce solutes that protect the cells against drought, heat & UV-rays by a DNA-protecting mechanism
- **Improves the appearance of aged and stressed skin.**
- Gives the look of a younger, regenerated skin

Applications: Pre-sun products, body lotions, day and night care, additive in sun creams.

Wrinkle Blur

Item No. ELL-WRBL-01

Unique wrinkle-masking silicone elastomer powder with silica-treated coating.

CAS: 156065-02-0, 112945-52-5

INCI NAME: Dimethicone/vinyl dimethicone crosspolymer, silica

Benefits:

- Masks and blurs wrinkles up to 84% as shown in studies
- Absorbs sebum and gives skin a smooth, silky, powdery feeling
- Ideal for formulating a wide range of color cosmetics, skin and sun care products

Applications: Pressed and loose powder, foundation powder, and compact powder, eye shadow, blush, lipstick, creams, lotions, sun care products

Prices starting at \$18.40

Antioxidants

Albizia Flower Extract

Item No. BOT-ALBIZIA-01

Extract obtained from the silk tree flowers (Albizia Julibrissin) a tree native southwestern and eastern Asia.

CAS: 56-81-5, 7732-18-5, 440103-71-9, 122-99-6

INCI NAME: Albizia Julibrissin (silk tree) flower extract

Benefits:

- Well-known for its potent antioxidant effects
- Provides anti-irritant and soothing effects on the skin

Applications: Anti-aging & anti-wrinkle creams and lotions, eye creams, after-sun products

Prices starting at \$10.40

Allantoin, USP

Item No. HUM-ALLA-01

Hallantoin occurs naturally in the roots & leaves of the comfrey plant, but to satisfy market needs allantoin is produced synthetically but nature identical.

CAS: 97-59-6

INCI NAME: Allantoin

Benefits:

- Soothes and alleviates skin-irritations
- Has moisturizing and hydrating effects
- Has anti-aging properties making the skin look younger and rejuvenated

Applications: Lotions, creams, sun care & after sun products, shampoos, scalp rinses, shower gels, lip & baby care products.

Prices starting at \$7.00

Ashwagandha Extract

Item No. BOT-ASHWAGA-01

Natural extract obtained from the roots of the Ashwagandha plant dissolved in a base of glycerin and water.

CAS: 56-81-5, 7732-18-5, 90147-43-6, 122-99-6

INCI NAME: Withania Somnifera (ashwagandha) extract

Benefits:

- Has potent antioxidant properties, ideal for anti-aging products
- Moisturizes & conditions skin and scalp
- Nourishes & strengthens hair

Applications: Serums, creams & lotions, anti-aging products, sun- and after-sun care, hair care products

Prices starting at \$9.00

BHT

Item No. AOX-BHT-01

BHT = butylated hydroxy-toluene (2,6-di-tert-butyl-4-methylphenol). Melting point 70°C (158°F). Purity 99%.

CAS: 128-37-0

INCI NAME: Butylated hydroxytoluene

Benefits:

- Neutralizes free oxygen radicals and acts as potent antioxidant
- Prevents auto-oxidation of organic materials (prevents rancidity of fats & oils)
- Extends shelf-life & stabilizes colorants of cosmetics

Applications: For stabilizing all kinds of cosmetics like creams, lotions, shampoos, makeup & sunscreen products.

Prices starting at \$12.90

Carrot Oil & Beta-Carotene

Item No. OIL-CARROT-01

Blend of sunflower seed oil, carrot seed oil, and carrot extract enriched with beta-carotene and vitamin C.

CAS: 8001-21-6, 84929-61-3, 8015-88-1, 84929-61-3, 7235-40-7, 137-66-6

INCI NAME: Helianthus Annuus (sunflower) seed oil, Daucus Carota Sativa (carrot) root extract, Daucus Carota Sativa (carrot) seed oil, beta-carotene, ascorbyl palmitate

Benefits:

- Provides excellent emollient, conditioning and antioxidant properties
- **Both carrot and sunflower oil contain fatty acids which have important actions on skin elasticity, restoration and regeneration**
- Suitable to be formulated into any kind of skin and hair product

Applications: Creams and lotions, serums, face oils, hair care products

Prices starting at \$24.80

Chaparral Extract

Item No. BOT-CHAPL-01

Chaparral extract is made from the leaves of the Creosote bush (dwarf evergreen oak).

CAS: 56-81-5, 7732-18-5, 91722-67-7, 122-99-6

INCI NAME: Larrea Tridentata (chaparral) extract

Benefits:

- Has purifying and antioxidant properties which are useful for oily and/or blemished skin
- Best to be used in skin lotions, cleansers, and toners

Applications: Face toners, cleansers, skin lotions/creams, products for blemished skin, sun and make-up products.

Prices starting at \$9.40

Citric Acid

Item No. AHA-CIAC-01

Inherently natural as it occurs in citric fruits, produced by fermentation of carbohydrates

CAS: 77-92-9

INCI NAME: Citric acid

Benefits:

- Acidulant (useful to adjust pH of products to make them more acid / less alkaline)
- Chelating effect (neutralizes minerals to enhance activity of antioxidants & preservatives)
- Buffering effect (helps to maintain pH between 2.5-6.5 & stabilizes active ingredients)

Applications: Creams, lotions, shampoos, shower gels, bath bombs/fizzes (combined with sodium bicarbonate).

Prices starting at \$4.70

Coenzyme Q10 (with Vit. E & C)

Item No. AOX-COQ10-01

Vitamin-like molecule (ubiquinone, ubidecarenone) obtained from plant material Q10 is encapsulated in nano-sized liposomes consisting of a phospholipid double nano-emulsion with vitamin E and vitamin C (ascorbyl tetraisoalmitate) to maintain activity, enhance skin penetration and potency.

CAS: 8002-43-5, 303-98-0, 183476-82-6, 59-02-9, 68956-68-3, 532-32-1, 56-81-5, 7732-18-5

INCI NAME: Lecithin, ubiquinone, ascorbyl tetraisoalmitate, tocopherol, vegetable oil, sodium benzoate, glycerin, water

Applications: Anti-aging & anti-wrinkle products, hair treatments/hair serums, pre/after sun lotions, hydrating / rejuvenating & moisturizing skin care products.

Prices starting at \$51.80

Cucumber Fruit Extract

Item No. BOT-CUCUFR-03

Natural Cucumber fruit extract. Contains 20% extract dissolved in water and glycerin.

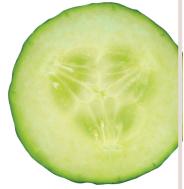

CAS: 56-81-5, 7732-18-5, 89998-01-6, 122-99-6

INCI NAME: Cucumis Sativus (cucumber) fruit extract

Benefits:

- Natural skin emollient and softener with cooling and tonic properties
- Ideal in skin cleansers but also soothing body lotions and skin creams, especially after-sun products
- Softens and nourishes hair

Applications: Creams & lotions, skin cleansers, hair care products, after-sun products, hair moisturizing sprits, hair conditioners and body lotions.

Prices starting at \$9.00

Cucumber Fruit Extract, USDA Certified Organic

Item No. BOT-CUCUFR-02

Organic extract from cucumber fruits. Contains 20% extract dissolved in glycerin.

CAS: 56-81-5, 89998-01-6

INCI NAME: Organic Cucumis sativus (cucumber) fruit extract

Benefits:

- Natural skin emollient and softener with cooling and tonic properties
- Ideal in skin cleansers but also soothing body lotions and skin creams, especially after-sun products
- Softens and nourishes hair

Applications: Creams & lotions, skin cleansers, hair care products, after-sun products, hair moisturizing sprits, hair conditioners and body lotions.

Prices starting at \$22.30

Cucumber Fruit Extract in Safflower Oil

Item No. BOT-CUCUFR-04

Natural Cucumber fruit extract.

CAS: 8001-23-8, 89998-01-6, 7695-91-2

INCI NAME: Safflower oil, Cucumis Sativus (Cucumber) fruit extract, tocopheryl acetate

Benefits:

- Natural skin emollient and softener with cooling and tonic properties
- Ideal in skin cleansers but also soothing body lotions and skin creams, especially after-sun products
- Softens and nourishes hair

Applications: Creams & lotions, skin cleansers, hair care products, after-sun products, hair moisturizing sprits, hair conditioners and body lotions.

Prices starting at \$20.10

Edelweiss Extract

Item No. BOT-EDWE-01

High-purity extract from the Swiss alpine flower Edelweiss (leontopodium alpinum). For natural and/or organic products.

CAS: 56-81-5, 7732-18-5, 391900-47-3, 24634-61-5, 532-32-1

INCI NAME: Leontopodium alpinum (edelweiss) extract

Benefits:

- Very high radical scavenging activity of antioxidant products of 286 (= Radical Protection Factor, RPF)
- Antioxidant activity twice as much as vitamin C
- Can improve appearance of aged and/or irritated skin

Applications: Anti-aging & anti-wrinkle products, pre/after sun lotions, hydrating and antioxidant skin care products, eye wrinkle products.

Prices starting at \$18.50

Ginkgo Biloba Leaf Extract

Item No. BOT-GINKGOBILB-01

Extract from the leaves of the Ginkgo Biloba tree.

CAS: 56-81-5, 7732-18-5, 90045-36-6

INCI NAME: Ginkgo Biloba (ginkgo) leaf extract

Benefits:

- Ideal for products for the protection of skin and hair integrity against oxidative agent
- Contain flavonoids and ginkgolides (ginkgolides A, B, C, and J) which are well-known to antioxidant, regenerating, lipolytic and reepithelizing effects
- Very useful in anti-irritant and skin regenerating products

Applications: Anti-aging, anti-cellulite, anti-wrinkle products, and anti-irritating skincare products. Hair color protection products.

Prices starting at \$12.50

Goji Berry Extract

Item No. BOT-GOJIBERRY-01

Goji Berry (wolfberry) extract comes from the fruits of Lycium Barbarum L., which grows in the valleys of the Himalayas and Mongolia.

CAS: 50463-2, 7732-18-5, 85085-46-7, 532-32-1, 24634-61-5

INCI NAME: Lycium Barbarum (goji berry) fruit extract

Benefits:

- Has energizing and stimulating effects
- In a number of studies Goji has been shown to have potent antioxidant and anti-aging properties

Applications: Anti-aging and toning skin care products, hair color protection formulas

Prices starting at \$17.80

Prices starting at \$9.50

Goldenseal Extract

Item No. BOT-GOLSEA-01

Goldenseal root also known as yellow root or Indian turmeric. Contains 20% extract dissolved in water and glycerin.

CAS: 56-81-5, 7732-18-5, 84603-60-1, 122-99-6

INCI NAME: Hydrastis Canadensis (goldenseal) extract

Benefits:

- Contains berberine that has been found to have cleansing properties and be useful in products for blemished and irritated skin
- Useful for skin irritations making it a good ingredient for face cleansers, products for the sensitive skin, after-sun and bath products, and soothing lotions

Applications: Anti-aging formulas, sun care and after-sun care products, makeup-up, and hair care products.

Prices starting at \$11.40

Green Tea Extract

Item No. BOT-GRTEA-02

Green tea extract made from evergreen leaves of a small Asian tree that is cultivated in different regions.

CAS: 56-81-5, 7732-18-5, 84650-60-2, 24634-61-5, 590-00-1, 532-32-1

INCI NAME: Camellia Sinensis (green tea) leaf extract

Benefits:

- Potent antioxidant agent due to polyphenols & methylxanthines
- Often used in anti-aging formulas to reinforce anti-aging effects of other ingredients
- Useful against irritated skin.

Applications: Anti-aging formulas, sun care and after-sun care products, anti-cellulite treatments and hair care products.

Prices starting at \$28.70

Kakadu Plum Extract

Item No. BOT-KAKPL-01

Australian Fruit also called Gubinge, Billygoat or Murunga.

CAS: 56-81-5, 7732-18-5, 1176234-54-0

INCI NAME: Terminalia Ferdinandiana (kakadu plum) fruit extract

Benefits:

- High stable vitamin C content with strong antioxidant properties
- Contains gallic acid and ellagic acid for antioxidant protection, and elastic and supple skin

Applications: Anti-aging serums, creams & lotions, sun care and after-sun care, sunscreens, face & hair masks.

Mallow Extract

Item No. BOT-MALLOW-01

High-purity extract from the Swiss alpine Mallow flower (*malva sylvestris*). Extract concentration is 5%.

CAS: 56-81-5, 7732-18-5, 84082-57-5, 24634-61-5, 532-32-1, 77-92-9

INCI NAME: Malva sylvestris (mallow) extract

Benefits:

- **Very rich in mucilages, polysaccharides (sugars) and tannins**
- Provides natural moisturizing and soothing properties
- Ideal for irritated and sensitive skin, and baby care products

Applications: Pre/after sun lotions, hydrating and soothing skin care products, baby care products, under-eye treatments.

Prices starting at \$13.20

Mulberry Root Extract

Item No. BOT-MULBE-01

Mulberry root extract comes from the white Mulberry tree that is native to China, but cultivated in Europe, Japan, Australia and North America.

CAS: 7732-18-5, 56-81-5, 94167-05-2, 122-99-6

INCI NAME: Morus alba root (mulberry) extract

Benefits:

- Lightens age spots and uneven skin tone. Can be combined with other skin lighteners such as skinwhite BLE, licorice extract, kojic acid, skinwhite msh, and alpha-arbutin.
- **Very nutritious for the hair and hair roots**
- Has antioxidant and cleansing properties

Applications: Skin lightening products, serums, face creams, anti-aging, masks, makeup.

Prices starting at \$10.30

Natural Bisabolol

Item No. AOX-BISABOL-01

Bisabolol (synonym levomenol) is a natural monocyclic sesquiterpene alcohol naturally obtained by distillation from the Candeia Tree (*Vanillosmopsis erythropappa* / *Eremanthus erythropappus*)

CAS: 23089-26-1

INCI NAME: Bisabolol

Benefits:

- Plant-derived bisabolol is a more potent ingredient than synthetic bisabolol which possesses only about 50% activity compared to this natural form

Applications: Creams, lotions, pre/after sun lotions, soothing skin care products for sensitive skin, after-shave products, baby products, cleansers.

Prices starting at \$25.55

Natural Ferulic Acid

Item No. AOX-FERACID-01

Ferulic acid is a naturally occurring antioxidant found in many plants and seeds.

CAS: 1135-24-6

INCI NAME: Ferulic acid

Benefits:

- Very powerful antioxidant and anti-aging agent
- Acts as a synergistic with other antioxidants especially vitamin C and E
- Can neutralize several damaging free radicals such as superoxide, hydroxyl radical and nitric oxide

Applications: Anti-aging serums, face creams, lotions, eye creams, lip treatments, sunscreens, antiperspirants.

Prices starting at \$13.75

Resveratrol Powder

Item No. SWH-RESVE-02

Resveratrol is a natural polyphenol and powerful antioxidant.

CAS: 501-36-0

INCI NAME: Resveratrol

Benefits:

- Has effective skin-lightening properties and is generally more effective than lactic acid and kojic acid
- It is fast acting with visible and significant results in only 2 weeks (applied 3 times per day)
- Has been found to reduce the appearance of aging skin due to its good antioxidant effects

Applications: Skin brightening facial and body care products, anti-age spot creams and serums, anti-aging for even skin tone, toners, sunscreen for UV protection. For best results use 3x daily.

Prices starting at \$90.30

Sea Buckthorn Extract

Item No. BOT-SEABTH-01

Contains the juice concentrate of sea buckthorn fruits (Hippophae Rhamnoides L.) dissolved in water and glycerin.

CAS: 7732-18-5, 56-81-5, 90106-68-6, 532-32-1, 24634-61-5

INCI NAME: Hippophae Rhamnoides (sea buckthorn) fruit juice

Benefits:

- Has antioxidant, moisturizing and skin-lightening properties
- Supplies skin and hair with natural minerals and vitamins
- Especially suitable for the sensitive and irritated skin

Applications: Serums, creams & lotions, skin cleansers, sun- and after-sun care, sunscreens, face & hair masks.

Prices starting at \$18.90

SkinWhite Starflower

Item No. SWH-HYPROOPRH-01

Natural lightening agent obtained from the rhizomes of the Starflower (Hypoxis Rooperi Rhizome).

CAS: 7732-18-5, 56-81-5, 39300-88-4, 532-32-1, 24634-61-5

INCI NAME: Hypoxis Rooperi Rhizome (starflower) extract, caesalpinia spinosa (tara) gum

Benefits:

- Has effective skin-lightening properties helping to fade age spots, freckles and hyper-pigmentation
- Has good antioxidant properties

Applications: Skin brightening skin treatments, decollete serums, photo-aging repair creams, body lotions, anti-spot treatments, anti-aging treatments, makeup lines, deodorants.

Soapwort Extract

Item No. BOT-SOAPW-01

As its name implies soapwort forms a soap like lather that is rich in saponins.

CAS: 56-81-5, 7732-18-5, 84775-97-3, 122-99-6

INCI NAME: Saponaria Officinalis (soapwort) extract

Benefits:

- Helps to soothe dry and irritated skin.
- Valuable ingredient for blemished and impure skin.

Applications: Face cleansers, soaps, hand cleansers, body washes, products for blemished and impure skin.

Prices starting at \$9.30

T-Resveratrol Fluid

Item No. SWH-RESVE-01

Resveratrol is a natural polyphenol and powerful antioxidant.

CAS: 501-36-0, 68201-46-7, 57-55-6

INCI NAME: Propylene glycol, PEG-7 glyceryl cocoate, resveratrol

Benefits:

- Has effective skin-lightening properties and is generally more effective than l-ascorbic acid and kojic acid
- Has been found to reduce the appearance of aging skin due to its good antioxidant effects

Applications: Skin brightening facial and body care products, anti-age spot creams and serums, anti-aging for even skin tone, toners, sunscreen for UV protection. For best results use 3x daily.

Prices starting at N/A

Vitamin A (retinyl palmitate)

Item No. VIT-VITA-01

GMO-free, highly active, fat-soluble vitamin with various effects on skin (synonym: vitamin A palmitate).

CAS: 79-81-2, 10191-41-0

INCI NAME: Retinyl palmitate, tocopherol

Benefits:

- Has potent rejuvenating properties
- Can improve appearance of aged and blemished skin
- Ideal for advanced treatment of pre-conditioned skin

Applications: All kinds of skin care products (primarily rejuvenating, nourishing & after sun products).

Prices starting at \$49.80

Vitamin C (3-glyceryl ascorbate)

Item No. VIT-GLYCASC-01

Novel, stabilized vitamin C derivative produced by binding vitamin C (ascorbic acid) to glycerin.

CAS: 1120360-11-3, 7732-18-5, 56-81-5

INCI NAME: 3-glyceryl ascorbate

Benefits:

- Has enhanced moisturizing and antioxidant properties when compared with l-ascorbic acid
- Can improve appearance of aged and fragile skin
- Widely used as add-on ingredient in skin-lightening products to correct hyperpigmentation and age spots

Applications: Skin toners, transparent gel-serums, lotions, creams, sun care & after sun products.

Prices starting at \$18.80

Vitamin C (L-ascorbic acid), USP

Item No. VIT-VITC-01

Active form of vitamin C as it occurs naturally.

CAS: 50-81-7

INCI NAME: L-ascorbic acid

Benefits:

- Potent antioxidant (shown to be able to protect skin from oxidative damages)
- Can improve appearance of aged and fragile skin
- Widely used as add-on ingredient in skin-lightening products to correct hyperpigmentation and age spots

Applications: Lotions, creams, sun care & after sun products, shampoos, make-up products (e.g. lipsticks).

Prices starting at \$7.40

Vitamin C (magnesium ascorbyl phosphate)

Item No. VIT-VITC-03

Very stable vitamin C derivative (L-Ascorbic acid mono-dihydrogen phosphate magnesium salt) that does not degrade in formulas containing water.

CAS: 114040-31-2 (also 113170-55-1, 108910-78-7)

INCI NAME: Magnesium ascorbyl phosphate

Benefits:

- Stabilized and degradation resistant form of vitamin C
- Potent antioxidant (shown to be able to protect skin from oxidative damages)
- Can improve appearance of aged and fragile skin

Applications: Lotions, creams, sun care & after sun products, makeup products.

Prices starting at \$22.00

Vitamin C (sodium ascorbyl phosphate)

Item No. VIT-VITC-06

Sodium ascorbyl phosphate (SAP) is specifically produced for use as a stabilized source of vitamin C in cosmetic products.

CAS: 66170-10-3

INCI NAME: Sodium ascorbyl phosphate

Benefits:

- Potent antioxidant (shown to be able to protect skin from oxidative damages)
- Can improve appearance of aged and fragile skin
- Antioxidant effect can be increased by adding L-ascorbyl palmitate and/or vitamin E.

Applications: Lotions, creams, sun care & after sun products, makeup products.

Prices starting at \$21.90

Vitamin C (tetrahexyldecyl ascorbate)

Item No. VIT-VITC-05

Highly stable, oil-soluble vitamin C ester. Has excellent skin penetration and as a result offers increased cell protection against UV-B.

CAS: 183476-82-6

INCI NAME: Tetrahexyldecyl ascorbate

Benefits:

- Can improve appearance of aged and fragile skin
- Widely used as add-on ingredient in skin-lightening products to correct hyperpigmentation and age spots
- Does not give finished formulas a yellowish tint like l-ascorbic acid

Applications: Lotions, gels, creams, sun care & after sun products, makeup, lip products.

Prices starting at \$49.20

Vitamin C in Silicone (20% L-ascorbic acid)

Item No. VIT-VITCSIL-01

Active form of vitamin C stabilized in an elastomer dispersion. Contains 20% pure L-ascorbic acid providing all the antioxidant and anti-aging benefits in an easy to use blend.

CAS: 541-02-6, 50-81-7, 62624-30-0, 63394-02-5, 156065-02-0, 29383-26-4, 29710-25-6

INCI NAME: Cyclopentasiloxane, l-ascorbic acid, polysilicone-11, ethylhexyl hydroxystearate

Benefits:

- Potent antioxidant (shown to be able to protect skin from oxidative damages)
- Widely used as add-on ingredient in skin-lightening products to correct hyperpigmentation and age spots

Applications: Serums, lotions, sun care & after sun products, sticks & makeup.

Prices starting at \$6.80

Vitamin E (dl-alpha tocopherol)

Item No. VIT-VITE-01

Pure undiluted vitamin E, of synthetic origin, but nature identical. Ideal antioxidant for fats and oils.

CAS: 59-02-9

INCI NAME: dl-alpha tocopherol

Benefits:

- Ideal to stabilize oils and fats in cosmetic products (prevents rancidity)
- Has excellent antioxidant, moisturizing and soothing properties on the skin
- Often used in anti-aging products as rejuvenating and regenerating agent
-

Applications: All kinds of skin care products, sun care products, makeup products, hair after-treatments preparations.

Prices starting at \$8.40

Vitamin E (dl-alpha tocopheryl acetate)

Item No. VIT-VITE-02

Water-insoluble vitamin E formed by esterification of acetic acid & tocopherol.

CAS: 7695-91-2

INCI NAME: Tocopheryl acetate

Benefits:

- Provides excellent antioxidant activity on the skin but less so in cosmetic products since enzymes need first to cleave off acetate to form active vitamin E
- Has moisturizing, soothing, and calming properties on the skin

Applications: All kinds of skin care products including sun care & makeup products.

Prices starting at \$11.40

Vitamin MIXI

Item No. VIT-VITMIX-01

Multi-functional active ingredient for skin & hair care products containing five different vitamins formulated in a unique blend for easy dispersing.

CAS: 98-92-0, 137-08-6, 66170-10-3, 7695-91-2, 58-56-0, 9050-36-6, 66829-29-6, 52906-93-1, 7631-86-9

INCI NAME: Niacinamide, calcium d-pantothenate, sodium ascorbyl phosphate, dl-a-tocopheryl acetate, pyridoxine hydrochloride, maltodextrin, sodium starch octenylsuccinate, silica

Benefits:

- Great multi-vitamin complex for adding multiple vitamins to a cosmetic product in one easy step
- Provides potent antioxidant and anti-aging benefits to skin and hair

Applications: Skin and hair care, creams, masks, serums, powders.

Prices starting at \$28.40

Watermelon Extract

Item No. BOT-WTMEL-01

Highly purified watermelon extract (citrullus lanatus).

CAS: 90244-99-8, 56-81-5, 7732-18-5, 372-75-8, 122-99-6, 532-32-1, 24634-61-5

INCI NAME: Citrullus lanatus (watermelon) fruit extract, glycerin, water

Benefits:

- Watermelon plants produce solutes that protect the cells against drought, heat & UV-rays by a DNA-protecting mechanism
- Improves the appearance of aged and stressed skin.
- Gives the look of a younger, regenerated skin

Applications: Pre-sun products, body lotions, day and night care, additive in sun creams.

Prices starting at \$32.00

White Tea Extract

Item No. BOT-WHITEA-01

White tea also known as Yinchen is produced predominately in Asia; it is picked just few days in spring when the white buds are young, withered and dried in natural sunlight and minimal processed to maintain its high concentration of polyphenols.

CAS: 56-81-5, 7732-18-5, 84650-60-2, 122-99-6

INCI NAME: Camellia sinensis (white tea) extract

Benefits:

- Has a high concentration of polyphenols
- Has good antioxidant, anti-aging and skin-soothing properties.

Applications: Anti-aging formulas, sun care and after-sun care products, makeup, and hair care products.

Prices starting at \$7.80
