

## 1573 - Quick Concealer

Weight: 30.00g

Ingredient	INCI	Function	Percent	Wgt (g)	Wgt (oz)
<b>Phase A</b>					
Signature Natural Eye Shadow Base	Lauryl laurate, caprylic/capric triglyceride, polyhydroxystearic acid, isododecane, trimethylsiloxysilicate resin, candelilla wax, octyldodecanol, sunflower wax, silica, dimethicone, tocopherol	Base	90.35	27.11	0.96
Titanium Dioxide For Makeup Liquid	Titanium dioxide, octyldodecanol	Pigment	7.63	2.29	0.08
Polymethylsilsesquioxane	Polymethylsilsesquioxane	Texturizer	1.23	0.37	0.01
Iron Oxide Yellow, Liquid	CI 77492 [iron oxides], octyldodecanol	Pigment	0.61	0.18	0.01
Iron Oxide Brown, Liquid	CI 77492 [iron oxides], castor oil	Pigment	0.18	0.05	0.00

### Procedure

Phase A: Add natural eye shadow base to a heat resistant glass beaker. Add color dispersions. Melt until liquid, stir well, test shade. Adjust color if necessary by adding more pigments or titanium dioxide and pour different samples for color variation.

### Properties

Quickly made using our natural eye shadow base. Color and coverage can be customized using different proportions of color dispersions.
