Vitamin A (retinyl palmitate)		0.50	1.20	0.04	0.24
Paraben-DU (propylparaben, methylparaben, diazolidinyl urea, propylene glycol)		1.00	2.40	0.08	0.48
Fragrance Citrus Punch		0.20	0.48	0.02	0.10

#### Method

Add phase A into a disinfected, heat-resistant glass jar and heat to 150oF/66oC to melt the ingredients. Add phase B into a separate jar and stir well to dissolve the gum, heat to the same temperature. Add phase A to B and stir until it is a homogenous cream. Cool to 100oF/38oC and add phase C, stir again. The cream can be filled into jars, treatment pumps or tubes.

#### Properties

Intensive skin treatment, anti-ageing and anti-wrinkle effect due to unique protection by effective antioxidants for visibly vitalized skin. For normal to dry skin.
