

1576 - Chubby Multi-Use Make-Up Pencil (100.00g)

Ingredient	Function	Percent	Wgt (g)	Wgt (oz)	Vol (tsp.)
Phase A					
Ethylhexyl Palmitate (ethylhexyl palmitate)	Emollient	20.00	20.00	0.71	4.00
Isopropyl Myristate (isopropyl myristate)	Emollient	13.00	13.00	0.46	2.60
Silicone Resin (trimethylsiloxy silicate, polypropyl silsesquioxane)	Film Former	2.50	4.50	0.09	0.50
Phase B					
Triglyceride (caprylic / capric triglyceride)	Emollient	17.50	17.50	0.62	3.50
Synthetic Wax (synthetic wax)	Thickener	6.50	6.50	0.23	1.30
Sunflower Wax Helianthus Annuus (sunflower) seed wax	Thickener	4.00	4.00	0.14	0.80
Bees Wax (cera alba [bees wax])	Thickener	3.50	3.50	0.12	0.70
Magnesium Stearate (magnesium stearate)	Film Former	2.00	2.00	0.07	0.40
Polymethylsilsesquioxane Polymethylsilsesquioxane	Texturizer	1.00	1.00	0.04	0.20
Argan Oil (Argania Spinosa [Argan] kernel oil)	Emollient	1.00	1.00	0.04	0.20
Phase C					
Color Blend (various colors)	Colorant	24.50	24.50	0.86	4.90
Dimethicone 500 (dimethicone)	Emollient	4.50	4.50	0.16	0.90

Method

Phase A: combine in a heat-resistant beaker except for silicone resin. Heat both emollients and gradually add silicone resin, stirring well until dissolved. Phase B: Once phase A is homogeneous, add phase B ingredients and then heat again until all is melted and combined, stirring well. Phase C: Remove from heat, then add phase C ingredients and stir well. Pour hot into stick packaging or pots.

Properties

Chubby Pencils for the cheeks, eyes or lips. Versatile and fun.
