Vitamin E Tocopherol (dl-alpha tocopherol)		1.00	1.00	0.04	0.20
Fragrance Blood Orange		0.30	0.30	0.01	0.06

#### Method

Combine all ingredients in a beaker, stirring to incorporate fully. Package in a bottle with a spray dispenser.

#### Properties

This combination of conditioning silicone and oil helps gently remove stubborn makeup without harsh chemicals. Just spray onto the face and let sit for a few quick seconds. Then use a tissue or cotton round and gently remove regular, waterproof, and even long-lasting makeup with ease.
