

Rosemary Leaf Extract

Specification Sheet

Description: Rosemary leaf extract in a base of glycerin and water, preserved with phenoxyethanol (20% extract). Light to medium amber liquid, characteristic odor. Water-soluble.

CAS: 56-81-5, 7732-18-5, 84604-14-8, 122-99-6

INCI Name: Glycerin, water, *Rosmarinus officinalis* (Rosemary) leaf extract

Benefits:

- Rich in calcium, magnesium, iron, manganese, phosphorus, potassium, zinc, and vitamin B1, vitamin B3 and vitamin C
- Has purifying and anti-irritant properties
- Rosemary leaves are very fragrant and are often used in bath products and cosmetics
- Ideal for facial toners, cleansers but also anti-wrinkle lotions, hair care and foot care products

Use: Add to formulas as is, typical use level 5 - 10%. For external use only.

Applications: Creams & lotions, skin cleansers, toners, body wraps, hair care products, dry scalp, massage oils, and deodorants.

Country of Origin: USA

Raw material source: *Rosmarinus officinalis* (Rosemary), glycerin made of naturally derived oils

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 20 % concentrate and 80% diluents.

Animal Testing: Not animal tested

GMO: GMO-free, but not certified

Vegan: Yes
