

Ready-to Use Odor Absorber

(Sample Recipe for DeoConcentrate Household)

Deodorizer with Fragrance

Phase A	Weight %	For 250 g / 8.9 oz
Distilled Water (diluent)	89.45 %	224 g / 8 oz
DeoConcentrate Household (odor absorber)	10 %	25 g / 0.9 oz
Paraben DU (preservative)	0.5 %	1.25 g / 0.04 oz
Fragrance of choice (optional)	0.05 %	0.12 g / 2-3 drops

Method

Add DeoConcentrate into distilled water and stir well.

Add preservative and mix until dissolved.

Add Fragrance of your choice and mix well. The amount of fragrance can be increased if desired.

Fill into plastic bottle container and use with a trigger pump.

Properties

Simple but effective odor absorber to be used as a room spray, linen spray, or as pet deodorizer and more.

This product will not mask odor, instead it will absorb/neutralize it. Makes great personal gifts with a fragrance of choice.
