### 3 COMPOSITION/INFORMATION ON INGREDIENTS

| <u>Component</u>          | <u>CAS No.</u> | <u>Weight %</u> | <u>Molecular Weight</u> |
|---------------------------|----------------|-----------------|-------------------------|
| Cetearyl Glucoside        | 246159-33-1    | 40-60%          | Not Available           |
| Glyceryl Stearate         | 31566-31-1     | 30-40%          | Not Available           |
| Moringa Oleifera Seed Oil | 93165-54-9     | 10-20%          | Not Available           |

### 4 FIRST AID MEASURES

|                    |                                                                                                                                                                          |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eyes:</b>       | In case of eye contact, rinse with plenty of water for at least 15 minutes and seek medical attention if necessary.                                                      |
| <b>Inhalation:</b> | If inhaled, remove from area to fresh air. Get medical attention if respiratory irritation develops or if breathing becomes difficult.                                   |
| <b>Skin:</b>       | Flush with plenty of water and wash using soap. Get medical attention if irritation occurs. Contaminated clothing should be removed immediately and washed before reuse. |
| <b>Ingestion:</b>  | Do Not Induce Vomiting! Never give anything by mouth to an unconscious person. If large amounts swallowed, rinse mouth with water and get medical attention.             |

### 5 FIRE-FIGHTING MEASURES

|                                                       |                                                                                                                                         |
|-------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable (and unsuitable) extinguishing media:</b> | May be combustible at high temperature. Use appropriate media (foam, carbon dioxide, dry chemical) for adjacent fire. Do not use water. |
|-------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|

|                                                                         |                                                                                                                     |
|-------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|
| <b>Special protective equipment &amp; precautions for firefighters:</b> | Wear self-contained, approved breathing apparatus and full protective clothing, including eye protection and boots. |
| <b>Flash Points:</b>                                                    | No data available                                                                                                   |
| <b>Specific hazards arising from the chemical:</b>                      | Hazardous combustion products may include: Carbon Monoxide and Carbon Dioxide.                                      |

## 6 ACCIDENTAL RELEASE MEASURES

|                                                                               |                                                                                                                                                                                                                   |
|-------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal precautions, protective equipment &amp; emergency procedures:</b> | Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.                                                               |
| <b>Environmental precautions:</b>                                             | Avoid liquid release into the environment. Notify environmental authorities in case of large leaks.                                                                                                               |
| <b>Methods and material for containment and cleaning up:</b>                  | Sweep up and place in suitable, closed containers for disposal. Clean surfaces thoroughly with water to remove residual contamination. Dispose of all waste and cleanup materials in accordance with regulations. |

## 7 HANDLING & STORAGE

|                                                                  |                                                                                                                                                                                                                                                                                                           |
|------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Precautions for safe handling:</b>                            | See section 8 for recommendations on the use of personal protective equipment. Keep container closed when not in use.<br>P261: Avoid breathing dusts of product.<br>P262: Do not get in eyes, skin, or clothing.<br>P264: Wash thoroughly after handling.<br>P280: Wear protective gloves/eye protection. |
| <b>Conditions for safe storage, incl. any incompatibilities:</b> | Store in cool, dry well-ventilated area. Keep away from heat and incompatible materials (see section 10 for incompatibilities).                                                                                                                                                                           |

## 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

| <u>Component</u>    | <u>Exposure Limits</u> | <u>Basis</u> | <u>Entity</u> |
|---------------------|------------------------|--------------|---------------|
| CreamMaker® Moringa | Not available          |              |               |

TWA: Time Weighted Average over 8 hours of work.  
TLV: Threshold Limit Value over 8 hours of work.  
REL: Recommended Exposure Limit  
PEL: Permissible Exposure Limit

STEL: Short Term Exposure Limit during x minutes.  
IDLH: Immediately Dangerous to Life or Health  
WEEL: Workplace Environmental Exposure Levels  
CEIL: Ceiling

### Personal Protection:

|                    |                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------|
| <b>Eyes:</b>       | Safety glasses with side shields.                                                                              |
| <b>Inhalation:</b> | Respiratory protection recommended if ventilation is limited.                                                  |
| <b>Body:</b>       | Use impervious gloves, and appropriate clothing.                                                               |
| <b>Other:</b>      | Provide eyewash stations, quick-drench showers and washing facilities accessible to areas of use and handling. |

## 9 PHYSICAL AND CHEMICAL PROPERTIES

|                                                |                                  |                                     |                   |
|------------------------------------------------|----------------------------------|-------------------------------------|-------------------|
| <b>Appearance, Physical State:</b>             | Irregular shaped solid substance | <b>Vapor Pressure:</b>              | No data available |
| <b>Odor:</b>                                   | Characteristic                   | <b>Vapor Density:</b>               | No data available |
| <b>Odor Threshold:</b>                         | No data available                | <b>Evaporation Rate:</b>            | No data available |
| <b>Color:</b>                                  | Pale yellow to dark straw        | <b>Flammability:</b>                | No data available |
| <b>Molecular Weight:</b>                       | No data available                | <b>Upper/lower Explosive Limit:</b> | No data available |
| <b>pH (10% in water):</b>                      | 5.5-7.5                          | <b>Flash Point:</b>                 | No data available |
| <b>Boiling Point:</b>                          | No data available                | <b>Specific Gravity:</b>            | No data available |
| <b>Melting Point:</b>                          | 140 °F (60 °C)                   | <b>Solubility:</b>                  | No data available |
| <b>Relative Density:</b>                       | No data available                | <b>Auto-Ignition Temperature:</b>   | No data available |
| <b>Partition Coefficient: n-octanol/water:</b> | No data available                | <b>Decomposition Temperature:</b>   | No data available |

|                              |                   |                              |                   |
|------------------------------|-------------------|------------------------------|-------------------|
| <b>Viscosity:</b>            | No data available | <b>Explosive Properties:</b> | No data available |
| <b>Oxidizing Properties:</b> | No data available |                              |                   |

## 10 STABILITY AND REACTIVITY

|                                          |                                                                                                                      |
|------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Reactivity:</b>                       | Stable under normal conditions of use.                                                                               |
| <b>Chemical Stability:</b>               | Stable under normal conditions of use.                                                                               |
| <b>Hazardous Polymerization:</b>         | Not when stored under normal temperature and pressure.                                                               |
| <b>Conditions to Avoid:</b>              | Extreme temperatures, incompatible materials.                                                                        |
| <b>Incompatible Materials:</b>           | Avoid strong oxidants such as liquid chlorine, enriched gaseous or liquid oxygen and sodium or calcium hypochlorite. |
| <b>Hazardous Decomposition Products:</b> | Irritating gas, Carbon monoxide, carbon dioxide.                                                                     |

## 11 TOXICOLOGICAL INFORMATION

|                                        |                                                                            |
|----------------------------------------|----------------------------------------------------------------------------|
| <b>Acute Toxicity:</b>                 | No significant acute toxicological data identified in literature research. |
| <b>Skin:</b>                           | No data available                                                          |
| <b>Eyes:</b>                           | No data available                                                          |
| <b>Respiratory:</b>                    | No data available                                                          |
| <b>Ingestion:</b>                      | No data available                                                          |
| <b>Carcinogenicity:</b>                | No data available                                                          |
| <b>Teratogenicity:</b>                 | No data available                                                          |
| <b>Germ Cell Mutagenicity:</b>         | No data available                                                          |
| <b>Embryotoxicity:</b>                 | No data available                                                          |
| <b>Specific Target Organ Toxicity:</b> | No data available                                                          |
| <b>Reproductive Toxicity:</b>          | No data available                                                          |
| <b>Respiratory/Skin Sensitization:</b> | No data available                                                          |
| <b>Corrosivity:</b>                    | No data available                                                          |
| <b>Sensitization:</b>                  | No data available                                                          |
| <b>Irritation:</b>                     | No data available                                                          |
| <b>Repeated Dose Toxicity:</b>         | No data available                                                          |

## 12 ECOLOGICAL INFORMATION

|                                       |                   |
|---------------------------------------|-------------------|
| <b>Ecotoxicity</b>                    |                   |
| <b>Fish:</b>                          | No data available |
| <b>Algae/Aquatic Plants:</b>          | No data available |
| <b>Microorganisms:</b>                | No data available |
| <b>Biodegradability:</b>              | No data available |
| <b>Persistence and Degradability:</b> | No data available |
| <b>Bioaccumulative Potential:</b>     | No data available |
| <b>Mobility in Soil:</b>              | No data available |
| <b>PBT and vPvB Assessment:</b>       | No data available |
| <b>Other Adverse Effects:</b>         | No data available |

## 13 DISPOSAL CONSIDERATIONS

|                            |                                                                                                                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Waste Residues:</b>     | Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies if necessary before disposing of waste product container. |
| <b>Product Containers:</b> | Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies if necessary before disposing of waste product container. |

The information in section 13 is for the product as shipped. Use and/or alterations to the product may change the characteristics of the material and alter the waste classification and proper disposal methods

## 14 TRANSPORT INFORMATION

|                                                         |                   |
|---------------------------------------------------------|-------------------|
| <b>DOT (Dept. of Transportation, USA):</b>              | No data available |
| <b>TDG (Transportation of Dangerous Goods, Canada):</b> | No data available |

---

|                                                          |                   |
|----------------------------------------------------------|-------------------|
| <b>IMDG (International Maritime Dangerous Goods):</b>    | No data available |
