SkinTight AP

Specification Sheet

Description: High-purity algae extract from micro algae (*Nannochloropsis oculata*) combined with pullulan, a film-forming natural sugar (glucan) from the fungus *Aureobasidium Pullulans*. Contains vitamin C & B12 as antioxidants.

CAS: 7732-18-5, 9057-02-7, 550343-08-3, 5343-92-0

INCI Name: Water, Pullulan, *Nannochloropsis Oculata* Extract, Pentylen Glycol

Composition: Water, Pullulan, *Nannochloropsis Oculata* Extract, Pentylen Glycol, Citric Acid

Appearance: Yellow to amber transparent to turbid highly viscous liquid

pH Value: 4.8 - 5.2

Benefits:

- Has been shown to tighten skin in the short as well as long term.
- SkinTight AP can protect skin cells from oxidative stress & strengthen skin.
- Regular application makes the skin look firmer, revitalized and regenerated.
- Pullulan can also retain moisture and prevents water loss.

Use: Recommended use level 1-5%. Should be incorporated at the end of formulations at <40°C (104°F). Precipitates are reversible by shaking or stirring. For external use only.

Applications: Tightening gels, lotions, serums, face masks, lifting products, anti-aging and anti-wrinkle products, hydrating and rejuvenating products.

Solubility: Water soluble

Preservation: Citric Acid

Storage: Store refrigerated (2-8°C / 35-46°F)

Country of Origin: Germany

Raw material source: Microalga (*Nannochloropsis Oculata*)
