

Comfrey Root Extract

Specification Sheet

Description: Organic Comfrey root extract dissolved in water and an organic rice solution. Preserved with Leuconostoc Ferment Filtrate.

CAS: 68553-81-1, 7732-18-5, 84696-05-9

INCI Name: Oryza Sativa (Rice) Extract, Water, Symphytum Officinale Root Extract

Composition: Oryza Sativa (Rice) Extract, Water, Symphytum Officinale Root Extract, Leuconostoc Ferment Filtrate, Superoxide Dismutase, Soybean Peroxidase

Appearance: Clear to hazy yellowish liquid, with a characteristic odor.

Benefits:

- Has excellent soothing and anti-irritant properties based on the content of allantoin, and tannins
- Has effective antioxidant properties due to rosmarinic acid
- Often used in anti-flake shampoos and conditioners
- Has mild keratinolytic properties

Use: Add to formulas to the water phase. Typical use level 5 - 10%. For external use only.

Applications: Serums, creams & lotions, anti-flake shampoos & conditioners, anti-blemished skin formulas.

Solubility: Water-soluble

Preservation: Leuconostoc ferment filtrate

Storage: Store in a dry, light protected area, between 73-77°F (23-25 °C)

Country of Origin: USA

Raw material source: Symphytum Officinale (comfrey) roots, Oryza Sativa (Rice) seeds

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in a rice solution and water.
