

1467 - Superfruit Mist (100.00g)

Ingredient	Function	Percent	Wgt (g)	Wgt (oz)	Vol (tsp.)
Phase A					
Distilled Water (aqua)	Diluent	80.30	80.30	2.83	16.06
Lingonberry Stem Cells (water, glycerin, Vaccinium Vitis Idaea fruit extract, xanthan gum, sodium benzoate, citric acid, gluconolactone, calcium gluconate)	Active	2.00	2.00	0.07	0.40
Aloe Vera 10x Concentrate (aloe barbadensis)	Botanical	2.00	2.00	0.07	0.40
Sodium Gluconate (sodium gluconate)	Stabilizer	0.30	0.30	0.01	0.06
Xanthan Gum, Prehydrated (xanthan gum)	Film Former	0.10	0.10	0.00	0.02
Goji Berry Extract, Organic Propanediol, water, Lycium Barbarum fruit extract, sodium benzoate, potassium sorbate	Botanical	4.00	4.00	0.14	0.80
Phase B					
Phenylpropanol EHG Phenylpropanol, ethylhexyl glycerin	Preservative	0.80	0.80	0.03	0.16
Provitamin B5 (d-panthenol, water)	Moisturizer	0.50	0.50	0.02	0.10

Method

Combine all of the ingredients in phase A, stirring to ensure they are all fully incorporated. Allow the Xanthan Gum to hydrate well, under agitation, 10-15min. Add phase B ingredients one by one, stirring after each addition. pH 4. Package into bottles with a spray dispenser.

Properties

Plant stem cells from Lingonberry (vaccinium vitis-idaea) is considered a "superfruit" rich in vitamins C, vitamin E, and polyphenols with protective and repairing properties against the damaging effects of sun radiation. Lingonberry stem cells have been shown to increase the natural antioxidant mechanisms of skin cells. Goji Berry Extract has also been shown to have potent antioxidant and anti-aging properties.
