

White Tea Extract

Specification Sheet

Description: White tea, also known as Yinzhen, is produced predominately in Asia; it is picked just few days in spring when the white buds are young, withered and dried in natural sunlight and minimally processed to maintain its high concentration of polyphenols. Water-soluble. Appearance: Light to medium amber liquid, faint herbal odor. Contains 20% extract dissolved in water and glycerin, preserved with phenoxyethanol. Water-soluble.

CAS: 56-81-5, 7732-18-5, 84650-60-2, 122-99-6

INCI Name: Glycerin, water, *Camellia sinensis* (White Tea) extract

Benefits:

- Has a high concentration of polyphenols
- Has good antioxidant, anti-aging and skin-soothing properties.

Use: Add to formulas to the water phase. Typical use level: 3 - 5%. For external use only.

Applications: Anti-aging formulas, sun care and after-sun care products, makeup, and hair care products.

Country of Origin: USA

Raw material source: *Camellia sinensis* (White Tea), glycerin made of naturally derived oils

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 20 % concentrate and 80% diluents.

Animal Testing: Not animal tested

GMO: GMO-free, but not certified

Vegan: Yes
