Method

Add phase A into a heat resistant vessel. Heat to 170F/75C until melted, blend well to uniform. Add phase B to phase A, and blend for a short time with an immersion stick blender or homogenizer. Add a bit of Orange 5 to 1tsp of distilled water, then add drop wise to the balm, while still hot, until desired color. Pour hot into containers.

Properties

The fragrance balm leaves a nice dry feel on the skin. Can be poured into small jars and re-applied on the go. Can also be used with a lip balm tube.
