

SkinRenewal Complex

Specification Sheet

Description: Complex of natural active ingredients consisting of low molecular weight glycosaminoglycans (500-2000 daltons) and polysaccharides from marine sources. Contains yeast extract, algae extract, glucosamine HCl, and urea. Shown to induce exfoliation & skin cell renewal.

CAS: 7732-18-5, 57-13-6, 66-84-2, 92128-82-0, 90046-12-1, 84604-16-0

INCI Name: Water, urea, Glucosamine HCL, Laminaria Digitata extract, Saccharomyces Cerevisiae extract

Composition: Water, urea, Glucosamine HCL, Laminaria Digitata extract, Saccharomyces Cerevisiae extract, phenoxyethanol

Appearance: Clear light yellowish solution

pH Value: pH range: 2.8-4.5

Benefits:

- Skin renewal booster and calming skin exfoliator
- Makes the skin look firmer, less saggy, and rejuvenated. Skin can look similar as with treatment of alpha-hydroxy acids, but without irritation. Improves skin firmness, skin clarity, and reduces the appearance of fine lines & wrinkles, and sagging.
- Unlike alpha-hydroxy acids and retinol, SkinRenewal Complex has a calming effect on the skin

Use: Add as is at the end of formulas, use level 3-5%. For external use only. Best added to a cream when pH has been adjusted to 6 to avoid separation. Final pH in the 5.5 range for best performance. Avoid Paraben-DU and certain carbomers in formulas as they may be inactivated at a pH of 5. For external use only.

Applications: Anti-aging & anti-wrinkle creams, AHA-free mild exfoliating products, hair care products, makeup.

Solubility: Water-soluble

Preservation: Phenoxyethanol

Storage: Store in a closed container at a dry place at room temperature

Country of Origin: USA

10800 231st Way NE
Redmond, WA 98053

Raw material source: Algae (Laminaria Digitata), yeast (Saccharomyces Cerevisiae), urea, and glucosamine

Manufacture: The yeast and algae extract are prepared via a cold process. Glucosamine is made from fermenting corn using fungus Aspergillus niger.

Animal Testing: Not animal tested

GMO: GMO-free

Vegan: Does not contain animal-derived components
