Eyes: Cause irritation to eyes. Stinging, tearing, redness and/or swelling. Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Obtain medical attention if irritation develops or persists.

Inhalation: None expected under normal conditions of use. When symptoms occur: go into open air and ventilate suspected area. Obtain medical attention if breathing difficulty persists.

Skin: May cause an allergic skin reaction. If reaction occurs rinse with mild soap and plenty of water. Obtain medical attention if irritation develops or persists.

Ingestion: Do Not Induce Vomiting! Never give anything by mouth to an unconscious person. Ingestion may cause adverse effects. Rinse mouth. Obtain medical attention.

5 FIRE-FIGHTING MEASURES

Suitable (and unsuitable) extinguishing media: Not considered flammable but may burn at high temperatures. Product is not explosive. Use appropriate media (water spray, dry chemical, foam, carbon dioxide) for adjacent fire. Do not use a heavy water stream, as it may spread the fire.

Special protective equipment & precautions for firefighters: Wear self-contained, approved breathing apparatus and full protective clothing, including eye protection and boots. Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers.

Specific hazards arising from the chemical: Hazardous reactions will not occur under normal conditions. See also Stability and Reactivity section.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment & emergency procedures: Do not get in eyes. Evacuate unnecessary personnel. Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.

Environmental precautions: Avoid liquid release into sewers/public water. Notify environmental authorities in case of large leaks.

Methods and material for containment and cleaning up: Contain any spills with dikes or absorbents to prevent migration. Clean up spills immediately. Dispose of all waste and cleanup materials in accordance with regulations.

7 HANDLING & STORAGE

Precautions for safe handling: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Avoid contact with eyes. See section 8 for recommendations on the use of personal protective equipment. Keep container closed when not in use.

Conditions for safe storage, incl. any incompatibilities: Keep container closed when not in use. Store in a dry, cool place. Keep away from direct sunlight. Keep away from heat and incompatible materials (see section 10 for incompatibilities).
