Physician Notes: mouth to an unconscious person. Seek medical attention.
No hazard is expected under intended use and appropriate handling. Treat according to symptoms (decontamination, vital functions), no known specific antidote.

5 FIRE-FIGHTING MEASURES

Suitable (and unsuitable) extinguishing media: May be combustible at high temperature. Use appropriate media (water spray, dry powder, foam) for adjacent fire. Do not use carbon dioxide as an extinguisher.

Special protective equipment & precautions for firefighters: Wear self-contained breathing apparatus and full protective clothing, including eye protection and boots. Harmful vapors and evolution of fumes/fog may arise from fire. Dispose of fire debris and contaminated extinguishing water in accordance with official regulations.
