

Lingonberry Stem Cells

Specification Sheet

Description: Plant stem cells obtained from Lingonberry (vaccinium vitis-idaea) which is a “superfruit” rich in vitamins C, vitamin E, and polyphenols with protective and repairing properties against the damaging effects of sun radiation.

CAS: 7732-18-5, 56-81-5, 90131-85-4

INCI Name: Water (and) Glycerin (and) Vaccinium Vitis-Idaea Fruit Extract

Composition: Water, Glycerin, Vaccinium Vitis-Idaea Fruit Extract, Xanthan Gum, Sodium Benzoate, Citric Acid, Gluconolactone, Calcium Gluconate

Appearance: Clear viscous pale pink liquid, odorless

Benefits:

- Can increase the natural antioxidant mechanisms of skin cells and decrease mediators that induce skin irritation.
- Prevents and repairs skin damage caused by ultraviolet and infrared radiation.
- Reduces appearance of wrinkles and spots, improves loss of firmness, dehydration, and roughness.

Use: Add to aqueous phase of emulsions (creams, lotions, gels etc). Typical use level is 1-2%. For external use only.

Applications: Photo aging repair, sun protection products, anti-aging products, creams lotions, primers, foundations.

Solubility: Water-soluble

Preservation: Sodium benzoate

Storage: Store light-protected at a cool and dry place.

Country of Origin: Spain

Raw material source: Lingonberries

Manufacture: No preparation details revealed by the manufacturer for proprietary reasons.
