

Witch Hazel Extract

Specification Sheet

Description: Plant extract derived from the leaves of the Witch Hazel (Hamamelis Virginiana) shrub, that is known for its fragrant winter flowers & woody fruit capsules. Mainly used as a distillate in soothing and toning products. Contains 20% extract dissolved in water and glycerin.

CAS: 56-81-5, 7732-18-5, 84696-19-5

INCI Name: Glycerin, Water, Hamamelis Virginiana (Witch Hazel) Extract

Composition: Glycerin, Water, Hamamelis Virginiana (Witch Hazel) Extract, Phenoxyethanol

Appearance: Amber liquid, typical odor.

Benefits:

- Found to have anti-irritating and soothing properties.
- Has skin-cleansing and toning effects.

Use: Add to the water phase of formulas. Typical use level 1-10%. For external use only.

Applications: Skin & hair care products, face cleansers, toners, shampoos & conditioners, moisturizers, after shaves & deodorants, antiperspirants.

Solubility: Water-soluble

Preservation: Phenoxyethanol

Storage: Store in a closed container at a dry place at room temperature.

Country of Origin: USA

Raw material source: Hamamelis Virginiana (Witch Hazel), glycerin made of naturally derived oils.

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 20% concentrate and 80% diluents.

Animal Testing: Not animal tested.
