### 4 FIRST AID MEASURES

**Eyes:** May cause slight irritation to eyes. Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if

|                    |                                                                                                                                                                                                                                                   |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation:</b> | present and easy to do. Continue rinsing. Obtain medical attention.<br>Limited inhalation exposure is anticipated. When symptoms occur, go into open air and ventilate suspected area. Obtain medical attention if breathing difficulty persists. |
| <b>Skin:</b>       | Prolonged contact may cause irritation. If reaction occurs rinse with mild soap and plenty of water. Obtain medical attention if irritation develops or persists.                                                                                 |
| <b>Ingestion:</b>  | May cause adverse effects. Do Not Induce Vomiting. Never give anything by mouth to an unconscious person. Rinse mouth. Obtain medical attention.                                                                                                  |

## 5 FIRE-FIGHTING MEASURES

|                                                                         |                                                                                                                                                                                                                                                                          |
|-------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable (and unsuitable) extinguishing media:</b>                   | Not considered flammable but may burn at high temperatures. Product is not an explosive. Use appropriate media (water spray, dry chemical, foam, carbon dioxide) for surrounding environment and adjacent fire. Do not use heavy water stream as it may spread the fire. |
| <b>Special protective equipment &amp; precautions for firefighters:</b> | Wear self-contained breathing apparatus and full protective clothing, including eye protection and boots. Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers.                                                       |
| <b>Specific hazards arising from the chemical:</b>                      | Hazardous reactions will not occur under normal conditions See also Stability and reactivity section.                                                                                                                                                                    |

## 6 ACCIDENTAL RELEASE MEASURES

|                                                                               |                                                                                                                                                                                         |
|-------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal precautions, protective equipment &amp; emergency procedures:</b> | Do not get in eyes. Ventilate area. Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment. |
| <b>Environmental precautions:</b>                                             | Avoid liquid release into sewers/public water/environment. Notify environmental authorities in case of leak.                                                                            |
| <b>Methods and material for containment and cleaning up:</b>                  | Contain any spills with dikes or absorbents to prevent migration. Clean up spills immediately. Dispose of absorbed material in accordance with the regulations.                         |

## 7 HANDLING & STORAGE

|                                                                  |                                                                                                                                                                                                                                           |
|------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Precautions for safe handling:</b>                            | Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and when leaving work. Use good personal hygiene practice. See section 8 for recommendations on the use of personal protective equipment. |
| <b>Conditions for safe storage, incl. any incompatibilities:</b> | Keep container closed when not in use. Store in a dry, cool place. Store away from incompatible materials (see section 10 for incompatibilities).                                                                                         |

## 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

| <u>Component</u>        | <u>Exposure Limits</u> | <u>Basis</u> | <u>Entity</u> |
|-------------------------|------------------------|--------------|---------------|
| Hydro Spray Lotion Base | Not available          |              |               |

TWA: Time Weighted Average over 8 hours of work.  
TLV: Threshold Limit Value over 8 hours of work.  
REL: Recommended Exposure Limit  
PEL: Permissible Exposure Limit

STEL: Short Term Exposure Limit during x minutes.  
IDLH: Immediately Dangerous to Life or Health  
WEEL: Workplace Environmental Exposure Levels  
CEIL: Ceiling

### Personal Protection:

|                    |                                                                                                                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eyes:</b>       | Wear chemical safety goggles.                                                                                                                                                                                      |
| <b>Inhalation:</b> | If irritation is experienced, approved respiratory protection should be worn. In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known, wear respiratory protection. |
| <b>Body:</b>       | Wear protective gloves and suitable protective clothing, made of chemically resistant materials and fabrics.                                                                                                       |
| <b>Other:</b>      | Use good personal hygiene practices. Provide eyewash stations, quick-drench showers and washing facilities accessible to areas of use and handling.                                                                |

## 9 PHYSICAL AND CHEMICAL PROPERTIES

|                    |        |                        |                   |
|--------------------|--------|------------------------|-------------------|
| <b>Appearance:</b> | Liquid | <b>Vapor Pressure:</b> | No data available |
|--------------------|--------|------------------------|-------------------|

|                                                |                   |                                     |                   |
|------------------------------------------------|-------------------|-------------------------------------|-------------------|
| <b>Odor:</b>                                   | Characteristic    | <b>Vapor Density:</b>               | No data available |
| <b>Odor Threshold:</b>                         | No data available | <b>Evaporation Rate:</b>            | No data available |
| <b>Color:</b>                                  | Glossy, white     | <b>Flammability:</b>                | No data available |
| <b>Molecular Weight:</b>                       | No data available | <b>Upper/lower Explosive Limit:</b> | No data available |
| <b>pH:</b>                                     | 4.2 - 5.8         | <b>Flash Point:</b>                 | No data available |
| <b>Boiling Point:</b>                          | No data available | <b>Specific Gravity:</b>            | No data available |
| <b>Melting/Freezing Point:</b>                 | No data available | <b>Water Solubility:</b>            | No data available |
| <b>Relative Density:</b>                       | No data available | <b>Auto-Ignition Temperature:</b>   | No data available |
| <b>Partition Coefficient: n-octanol/water:</b> | No data available | <b>Decomposition Temperature:</b>   | No data available |
| <b>Viscosity:</b>                              | No data available | <b>Explosive Properties:</b>        | No data available |
| <b>Oxidizing Properties:</b>                   | No data available | <b>Metal Corrosion:</b>             | No data available |

## 10 STABILITY AND REACTIVITY

|                                          |                                                                                  |
|------------------------------------------|----------------------------------------------------------------------------------|
| <b>Reactivity:</b>                       | Hazardous reactions will not occur under normal conditions.                      |
| <b>Chemical Stability:</b>               | Stable under recommended handling and storage conditions.                        |
| <b>Hazardous Polymerization:</b>         | Hazardous polymerization will not occur.                                         |
| <b>Conditions to Avoid:</b>              | Direct sunlight, extremely high or low temperatures, and incompatible materials. |
| <b>Incompatible Materials:</b>           | Strong acids, strong bases, strong oxidizers, water reactive substances.         |
| <b>Hazardous Decomposition Products:</b> | Upon thermal decompositions: Carbon oxides (CO, CO <sub>2</sub> ).               |
| <b>Possible Hazardous Reactions:</b>     | No data available.                                                               |

## 11 TOXICOLOGICAL INFORMATION

|                                        |                                                                                                            |
|----------------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Acute Toxicity:</b>                 | Not classified.                                                                                            |
| <b>Skin:</b>                           | Not classified. Prolonged contact may cause irritation.                                                    |
| <b>Eyes:</b>                           | Not classified. Cause irritation to eyes. Symptoms may include stinging, tearing, redness and/or swelling. |
| <b>Inhalation:</b>                     | Not classified. Limited inhalation exposure is anticipated.                                                |
| <b>Ingestion:</b>                      | Ingestion may cause adverse effects.                                                                       |
| <b>Carcinogenicity:</b>                | Not classified.                                                                                            |
| <b>Teratogenicity:</b>                 | No data available.                                                                                         |
| <b>Germ Cell Mutagenicity:</b>         | No data available.                                                                                         |
| <b>Embryotoxicity:</b>                 | No data available.                                                                                         |
| <b>Specific Target Organ Toxicity:</b> | Not classified.                                                                                            |
| <b>Reproductive Toxicity:</b>          | Not classified.                                                                                            |
| <b>Chronic Symptoms:</b>               | Not classified.                                                                                            |
| <b>Aspiration Hazard:</b>              | Not classified.                                                                                            |

## 12 ECOLOGICAL INFORMATION

|                                       |                                                                                                                                                                                                    |
|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Ecotoxicity:</b>                   | Not classified.                                                                                                                                                                                    |
| <b>Aquatic Vertebrate:</b>            | No data available.                                                                                                                                                                                 |
| <b>Aquatic Invertebrate:</b>          | No data available.                                                                                                                                                                                 |
| <b>Terrestrial:</b>                   | No data available.                                                                                                                                                                                 |
| <b>Persistence and Degradability:</b> | Not established.                                                                                                                                                                                   |
| <b>Bioaccumulative Potential:</b>     | Not established.                                                                                                                                                                                   |
| <b>Mobility in Soil:</b>              | No data available.                                                                                                                                                                                 |
| <b>PBT and vPvB Assessment:</b>       | No data available.                                                                                                                                                                                 |
| <b>Other Adverse Effects:</b>         | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |

## 13 DISPOSAL CONSIDERATIONS

|                        |                                                                                                                                                                                                          |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Waste Residues:</b> | Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies, if necessary, before disposing of waste product. |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

**Product Containers:** Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies, if necessary, before disposing of waste product container.

The information in section 13 is for the product as shipped. Use and/or alterations to the product may change the characteristics of the material and alter the waste classification and proper disposal methods

## 14 TRANSPORT INFORMATION

|                                                          |                                        |
|----------------------------------------------------------|----------------------------------------|
| <b>DOT (Dept. of Transportation, USA):</b>               | Not regulated as a hazardous good.     |
| <b>TDG (Transportation of Dangerous Goods, Canada):</b>  | No data available.                     |
| <b>IMDG (International Maritime Dangerous Goods):</b>    | Not regulated as a dangerous material. |
| <b>IATA (International Air Transport Association):</b>   | Not regulated as a dangerous material. |
| <b>ICAO (International Civil Aviation Organization):</b> | No data available.                     |

## 15 REGULATORY INFORMATION

**TSCA Inventory Status:** All chemical substances in this product are listed on inventory or are otherwise exempt from inventory status.

## 16 OTHER INFORMATION

**Revision Date:** 27-Oct-2025
