

Licorice Extract, USDA Certified Organic

Specification Sheet

Description: Organic extract of licorice roots (Organic Glycyrrhiza Glabra Root Extract). Licorice is native to the Mediterranean region. Contains 10% extract dissolved in glycerin.

CAS: 56-81-5, 84775-66-6

INCI Name: Organic Glycerin (and) Organic Glycyrrhiza Glabra Root Extract

Composition: Organic Glycerin, Organic Glycyrrhiza Glabra Root Extract

Appearance: Light to medium yellow-green

Benefits:

- Widely used as skin lightening agent
- Soothes the skin. Ideal for irritated skin
- Contains glycyrrhetic acid and flavonoids that have antioxidant and regenerative properties

Use: Add at the end of cosmetic formulations at room temperature. Recommended use level is 5-10%. For external use only.

Applications: Cleansers and toners, creams & lotions, masks, gels and peels.

Solubility: Water-soluble

Preservation: Preservative-free

Storage: Store in a closed container at a dry place at room temperature

Country of Origin: USA

Raw material source: Glycyrrhiza Glabra (Licorice), glycerin made of naturally derived oils

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 10% concentrate and 90% diluents.
