

## Grape Seed Extract

### Specification Sheet

**Description:** Extract from grape seeds dissolved in a base of glycerin and water, preserved with phenoxyethanol. Extract widely used for anti-irritant skin care products. Light to medium amber liquid with characteristic odor. pH Value: 4.0-6.5 at 25°C. Solubility: water soluble.

**CAS:** 56-81-5, 7732-18-5, 84929-27-1, 122-99-6

**INCI Name:** Glycerin, water, *Vitis vinifera* (Grape) Seed Extract

**Benefits:**

- Multiple effects on the skin including antioxidant properties (radical scavenger) and anti-aging properties
- Makes the skin look visibly younger, stronger, and less fragile
- Has also toning and restorative effects
- Suitable for the sensitive and irritated skin

**Use:** Add to formulas to the water phase. Typical use level is 5-10%. For external use only.

**Applications:** Anti-aging and anti-irritant creams, lotions, gels and toners.

**Country of Origin:** USA

**Raw material source:** *Vitis vinifera* (Grape), glycerin made of naturally derived oils

**Manufacture:** Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 20 % concentrate and 80% diluents.

**Animal Testing:** Not animal tested

**GMO:** GMO-free, but not certified

**Vegan:** Yes
