

## Papaya Fruit Extract

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 /  
March 26, 2012 / Rules and Regulation

Revision Date: 12-Jul-2024  
Supersedes: 22-Feb-2022

### 1 PRODUCT & COMPANY IDENTIFICATION

|                      |                                                       |                                    |                                                                      |
|----------------------|-------------------------------------------------------|------------------------------------|----------------------------------------------------------------------|
| <b>Product Name:</b> | Papaya Fruit Extract                                  | <b>Distributor:</b>                | MakingCosmetics Inc.                                                 |
| <b>Synonyms:</b>     | No data available                                     | <b>Address:</b>                    | 10800 231 <sup>st</sup> Way NE<br>Redmond, WA 98053 (USA)            |

| NFPA Ratings (704):           | Health                                                                                                                                                          | 0 | MINIMAL |
|                               | Flammability                                                                                                                                                    | 1 | SLIGHT  |
|                               | Reactivity                                                                                                                                                      | 0 | MINIMAL |
|                               | Personal                                                                                                                                                        |   |         |
|                               | Protection                                                                                                                                                      | B |         |

### 3 COMPOSITION/INFORMATION ON INGREDIENTS

| <u>Component</u>            | <u>CAS No.</u> | <u>Weight %</u> | <u>Molecular Weight</u> |
|-----------------------------|----------------|-----------------|-------------------------|
| Glycerin                    | 56-81-5        | Not Available   | Not Available           |
| Water                       | 7732-18-5      | Not Available   | Not Available           |
| Carica Papaya Fruit Extract | 84012-30-6     | Not Available   | Not Available           |
| Phenoxyethanol              | 122-99-6       | Not Available   | Not Available           |

### 4 FIRST AID MEASURES

|                    |                                                                                                                                                                                   |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eyes:</b>       | In case of eye contact, immediately rinse with plenty of water for 20-30 minutes. Retract eyelids often. Seek medical attention if pain, blinking, tears, or redness persist.     |
| <b>Inhalation:</b> | Not expected to present a significant inhalation hazard under anticipated conditions of normal use.                                                                               |
| <b>Skin:</b>       | Not expected to present a significant skin hazard under anticipated conditions of normal use.                                                                                     |
| <b>Ingestion:</b>  | Not expected to present a significant ingestion hazard under anticipated conditions of normal use. Do Not Induce Vomiting! Never give anything by mouth to an unconscious person. |

### 5 FIRE-FIGHTING MEASURES

|                                                                         |                                                                                                                                                           |
|-------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable (and unsuitable) extinguishing media:</b>                   | May be combustible at high temperature. Use appropriate media (alcohol resistant foam, CO2, dry chemical) for adjacent fire. Do not use direct water jet. |
| <b>Special protective equipment &amp; precautions for firefighters:</b> | Wear self-contained, approved breathing apparatus and full protective clothing, including eye protection and boots.                                       |
| <b>Flash Points:</b>                                                    | No data available                                                                                                                                         |
| <b>Specific hazards arising from the</b>                                | May emit toxic fumes under fire conditions. See also Stability and Reactivity section.                                                                    |

chemical:

## 6 ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment & emergency procedures:**  
**Environmental precautions:**

Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.  
Avoid liquid release into sewers/public water. Notify environmental authorities in case of large leaks.

**Methods and material for containment and cleaning up:**

Landfill solids at permitted sites. Use registered transporters. Burn concentrated liquids, diluting with clean, low viscosity level. Avoid flame-outs. Assure emissions comply with applicable regulations. Dilute aqueous waste may biodegrade. Contaminated product soil, water, container residues and spill cleanup materials should not be designated as hazardous wastes. Prevent flow to sewer/public waters. Spread granular cover. Soak up small spills with inert solids. Dispose of in compliance with Federal, State and Local regulations. Contain/collect rapidly to minimize dispersion.

## 7 HANDLING & STORAGE

**Precautions for safe handling:**

Normal handling and storage consistent with good manufacturing practices should be used. See section 8 for recommendations on the use of personal protective equipment.

**Conditions for safe storage, incl. any incompatibilities:**

Keep containers closed until used. To maintain product quality, do not store in heat or direct sunlight. Store in cool, dry well-ventilated area. Keep away from incompatible materials (see section 10 for incompatibilities). Shelf life: 24 months. Shelf life of this product is influenced by many conditions therefore 24 months shelf life is effective only for the material stored in original container unopened.

## 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

### Component

Papaya Fruit Extract

### Exposure Limits

Not available

### Basis

### Entity

TWA: Time Weighted Average over 8 hours of work.  
TLV: Threshold Limit Value over 8 hours of work.  
REL: Recommended Exposure Limit  
PEL: Permissible Exposure Limit

STEL: Short Term Exposure Limit during x minutes.  
IDLH: Immediately Dangerous to Life or Health  
WEEL: Workplace Environmental Exposure Levels  
CEIL: Ceiling

### **Personal Protection:**

**Eyes:** Eye protection such as chemical splash goggles and/or face shield must be worn when possibility exists for eye contact due to splashing or spraying liquid, airborne particles, or vapor. Contact lenses must not be worn.  
**Inhalation:** No special respiratory protection is recommended under anticipated conditions of normal use with adequate ventilation.  
**Body:** Not normally considered a skin hazard. Where use can result in skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, smoking and leaving work.  
**Other:** Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet facilities. Promptly remove soiled clothing wash thoroughly before reuse. Shower after work using plenty of soap and water. Provide eyewash stations, quick-drench showers and washing facilities accessible to areas of use and handling.

## 9 PHYSICAL AND CHEMICAL PROPERTIES

**Physical State:** Liquid  
**Odor:** Characteristic  
**Odor Threshold:** No data available  
**Color:** Light to medium amber  
**Molecular Weight:** No data available  
**pH (neat @ 25 °C):** 4.0-7.0  
**Boiling Point:** No data available  
**Melting Point:** No data available  
**Relative Density:** No data available  
**Partition Coefficient: n-octanol/water:** No data available

**Vapor Pressure:** No data available  
**Vapor Density:** No data available  
**Evaporation Rate:** No data available  
**Flammability:** No data available  
**Upper/lower Explosive Limit:** No data available  
**Flash Point:** No data available  
**Specific Gravity @ 25 °C:** 1.05- 1.20  
**Solubility in Water:** Complete  
**Auto-Ignition Temperature:** No data available  
**Decomposition Temperature:** No data available

|                       |                   |                       |                   |
|-----------------------|-------------------|-----------------------|-------------------|
| Viscosity:            | No data available | Explosive Properties: | No data available |
| Oxidizing Properties: | No data available | Freezing Point:       | No data available |

## 10 STABILITY AND REACTIVITY

|                                   |                                          |
|-----------------------------------|------------------------------------------|
| Reactivity:                       | No data available                        |
| Chemical Stability:               | Stable.                                  |
| Hazardous Polymerization:         | Hazardous polymerization will not occur. |
| Conditions to Avoid:              | No data available                        |
| Incompatible Materials:           | No data available                        |
| Hazardous Decomposition Products: | No data available                        |

## 11 TOXICOLOGICAL INFORMATION

|                                 |                   |
|---------------------------------|-------------------|
| Acute Toxicity:                 | No data available |
| Skin:                           | No data available |
| Eyes:                           | No data available |
| Respiratory:                    | No data available |
| Ingestion:                      | No data available |
| Carcinogenicity:                | No data available |
| Teratogenicity:                 | No data available |
| Germ Cell Mutagenicity:         | No data available |
| Embryotoxicity:                 | No data available |
| Specific Target Organ Toxicity: | No data available |
| Reproductive Toxicity:          | No data available |
| Respiratory/Skin Sensitization: | No data available |
| Corrosivity:                    | No data available |
| Sensitization:                  | No data available |
| Irritation:                     | No data available |
| Repeated Dose Toxicity:         | No data available |

## 12 ECOLOGICAL INFORMATION

|                                |                                          |
|--------------------------------|------------------------------------------|
| Ecotoxicity                    |                                          |
| Aquatic Vertebrate:            | Disperse residue to reduce aquatic harm. |
| Aquatic Invertebrate:          | No data available                        |
| Terrestrial:                   | No data available                        |
| Persistence and Degradability: | No data available                        |
| Bioaccumulative Potential:     | No data available                        |
| Mobility in Soil:              | No data available                        |
| PBT and vPvB Assessment:       | No data available                        |
| Other Adverse Effects:         | No data available                        |

## 13 DISPOSAL CONSIDERATIONS

|                     |                                                                                                                                                                                                                    |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste Residues:     | Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies, if necessary, before disposing of waste product container. |
| Product Containers: | Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies, if necessary, before disposing of waste product container. |

The information in section 13 is for the product as shipped. Use and/or alterations to the product may change the characteristics of the material and alter the waste classification and proper disposal methods

## 14 TRANSPORT INFORMATION

|                                                  |                              |
|--------------------------------------------------|------------------------------|
| DOT (Dept. of Transportation, USA):              | Not regulated for transport. |
| TDG (Transportation of Dangerous Goods, Canada): | No data available            |
| IMDG (International Maritime Dangerous Goods):   | No data available            |
| IATA (International Air Transport Association):  | No data available            |
