

## Mica SUST

### Specification Sheet

**Description:** Fine sustainable sourced Mica material from Europe. Fine powder, with transparency, soft feel, can be used as a filler and talcum replacement. Has a matte appearance ideal for makeup and powders, has no shine.

**CAS:** 12001-26-2, 14808-60-7

**INCI Name:** Mica (and) Quartz

**Composition:** Mica (and) Quartz

**Appearance:** White solid powder

**Benefits:**

- Provides a soft feel on the skin
- Light powder with a fine white to transparent finish
- Sustainable sourcing
- Can replace talcum in formulations
- Excellent wettability (low oil absorption)

**Use:** Typical use level 10-50% when used as a texturizer/filler, 1-5% when used to reduce greasiness of oil-containing products. For external use only.

**Applications:** Makeup (dry and liquid), Face Powders, Eye Shadows, Blush, Eye Liner, Pressed powders, Moisturizers, Masks. Products for the oily skin.

**Solubility:** Miscible in water and oils

**Preservation:** Preservative-free

**Storage:** Store dry, avoid moisture, keep in a sealed pouch

**Country of Origin:** Austria

**Raw material source:** Muscovite Mica, quartz

---

**Manufacture:** From the overall mining operation, Leucophyllite is filtered, a slurry of 0-100 micro meter particle size is separated from the aggregates and a small portion of Muscovite mica at 0-30 micro meter is obtained as the final result.

**Animal Testing:** Not animal tested.

**GMO:** GMO-free

**Vegan:** Does not contain animal-derived components.

**HS Code:** 2525200000
