

## Helichrysum Extract

### Specification Sheet

**Description:** Ecocert certified organic helichrysum extract is produced from the flowers of the Helichrysum plant. Dissolved in water and glycerin. Preserved with potassium sorbate and sodium benzoate. Water-soluble.

**CAS:** 56-81-5, 7732-18-5, 24634-61-5, 532-32-1

**INCI Name:** Water, glycerin, Helichrysum Stoechas (Everlasting) flower extract

**Benefits:**

- Has potent antioxidant properties due to the iron chelating activity of the flavonoids and acetophenones and their ability to scavenge free radicals
- Has anti-microbial and purifying actions due to essential oils and phytosterols
- Provides photo protection from the various phenol compounds

**Use:** Add to water phase of emulsions. Typical use level Use level: 0.1 - 3%. For external use only.

**Applications:** Anti-aging and anti-wrinkle products, skin toners, products for oily skin, hair care products, blemished skin creams, sun care and after-sun products.

**Country of Origin:** Spain

**Raw material source:** Helichrysum Stoechas (Everlasting) flower

**Manufacture:** Extract is obtained from the Everlasting flower leaves, then purified, stabilized and dissolved in blend of water and glycerin.

**Animal Testing:** Not animal tested

**GMO:** Certified GMO-free

**Vegan:** Does not contain animal-derived components
