

Vitamin C Ascorbic Acid Serum

(Sample formulation for L-Ascorbic Acid)

Vitamin C AA Serum

Phase A	Weight %	For 50 g / 1.8 oz (by weight)
Distilled Water (diluent)	60 %	30 g / 1 oz
Phase B		
Glycerin (moisturizer)	30 %	15 g / 0.5 oz / 1 Tbsp
L-Ascorbic Acid Powder (antioxidant)	10 %	5 g / 0.2 oz / ½ Tbsp

Method

Add distilled water to a clean mixing vessel.

Add glycerin to the water and stir until well mixed.

Add ascorbic acid to Phase A and stir until dissolved and the solution is clear.

Package into light protected glass bottles, and use up within 4 weeks.

Properties

L'Ascorbic Acid is a strong anti-oxidant, can improve appearance of aged skin and reduces the appearance of wrinkles and may also boost collagen production. Apply twice/day and use up within 4 weeks.
