4 FIRST AID MEASURES

Eyes:	May cause slight irritation to eyes. Remove contact lenses, if present and easy to do. Continue rinsing. Rinse cautiously with water for at least 15 minutes. Obtain medical attention.
Inhalation:	Prolonged exposure may cause irritation. When symptoms occur, go into open air and ventilate suspected area. Obtain medical attention if breathing difficulty persists.
Skin:	May cause allergic skin reaction. If reactions occur, wash off with soap and plenty of water. In the case of skin irritation or allergic reactions see a physician.
Ingestion:	Ingestion may cause adverse effects. Do Not Induce Vomiting. Never give anything by mouth to an unconscious person. Rinse mouth. Obtain medical attention.

5 FIRE-FIGHTING MEASURES

Suitable (and unsuitable) extinguishing media:	Not considered flammable but may burn at high temperatures. Product is not explosive. Use appropriate media (water spray, fog, carbon dioxide, alcohol-resistant foam, dry chemical) for surrounding environment and adjacent fire. Do not use heavy water stream, as it may spread the fire.
Special protective equipment & precautions for firefighters:	Wear self-contained breathing apparatus and full protective clothing, including eye protection and boots. Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers.
Specific hazards arising from the chemical:	Hazardous reactions will not occur under normal conditions. Hazardous combustion products include carbon oxides (CO, CO ₂). See also Stability and reactivity section.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment & emergency procedures:	Do not get in eyes, skin, or on clothing. Evacuate unnecessary personnel. Ventilate area. Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, and call for the assistance of trained personnel as soon as conditions permit. Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.
Environmental precautions:	Avoid liquid release into sewers/public water/environment. Notify environmental authorities in case of leak.
Methods and material for containment and cleaning up:	Contain any spills with dikes or absorbents to prevent migration. Clean up spills immediately and dispose of waste safely. Dispose of absorbed material in accordance with the regulations.

7 HANDLING & STORAGE

Precautions for safe handling:	Wash hands with mild soap and water when leaving work. Do not get in eyes, on skin, or on clothing. Use good personal hygiene practice. See section 8 for recommendations on the use of personal protective equipment.
