

Wrinkle Masking Powder

(Sample Recipe for Wrinkle Blur)

Wrinkle Masking Powder

Phase A	Weight %	For 20 g /0.7 oz
MakingCosmetics Mineral Base	75 %	15 g / 0.5 oz
MakingCosmetics Pigment Blend	15 %	3 g / 0.1 oz
Wrinkle Blur (cosmetic powder)	10 %	2 g / 0.07 oz

Phase B

Method

Add Mineral Base into mortar or just a portion of it.

Add the pigment blend of your choice and start working it with the pestle.

Stir for minutes until the color is uniform and does not show color streaks.

Adjust color until it matches skin tone, if powder is too light add more pigment blend, if too dark add more mineral powder.

More shades can be created by mixing different pigment blends.

Add silicone powder and mix it well.

Fill into sifter jars.

Properties

Modern face powder that is masking wrinkles due to it's unique silicone performance.
