

Natural Quinoa Peptide

Specification Sheet

Description: Dual acting superfood derived natural peptide obtained from the seeds of the herbaceous annual plant Chenopodium Quinoa. The seed extract contains small peptides that provide powerful performance to support the structural integrity of the skin. Active matter: 8-12%.

CAS: 7732-18-5, 223749-71-1

INCI Name: Water, Chenopodium Quinoa Seed Extract

Composition: Water, Chenopodium Quinoa Seed Extract, Sodium Benzoate

Appearance: Clear to slightly hazy, yellow-amber liquid, characteristic odor

pH Value: PH range: 4.0 - 5.5

Benefits:

- Provides powerful, age-defying performance
- Visibly reduces under eye bags & puffiness for well rested eyes.
- Diminishes eyelid creases and folds to lift and reshape the eyes.
- Reduces eyelid roughness for ageless skin.
- Derived from sustainable plant source from an ancient grain.
- Gluten-free.

Use: Add as is at the end of formulas or to the water phase of emulsions. Typical use level: 2-4%. For external use only.

Applications: Anti-aging & anti-wrinkle products, eye wrinkle treatment, hydrating skin care treatments, lip products.

Solubility: Easily water-soluble

Preservation: Sodium Benzoate

Storage: Store light protected at a cool and dry place.

Country of Origin: USA
