Procedure

Phase A: Add water to mixing vessel. Add all other ingredients in order and blend until homogenous. Fill into bottle with a spray top.

Properties

Light emulsion. Help your hair from the harmful effects of UV radiation, which can lead to dryness and damage. Made with sustainable ingredients such as Rice, Baobab, and Amaranthus and provides continuous protection. Contains naturally-derived bio-active powered by plant stem cell exosomes, helping in supporting a healthy scalp environment by reinforcing the scalp's barrier function for optimal follicle health.
