

## Avocado Powder

### Specification Sheet

**Description:** Powder created by grinding the whole, dehydrated avocado fruit (Persea Gratissima). Average particle size 100-500µm.

**CAS:** 8024-32-6

**INCI Name:** Persea Gratissima (avocado) fruit powder

**Composition:** Persea Gratissima (avocado) fruit powder

**Appearance:** Brown powder, avocado odor

**Benefits:**

- Accelerates skin renewal and brightens complexion.
- Plant scrubs are shown to remove dead skin cells and other impurities from the skin.
- Can be used in place of plastic micro-beads.
- Smooth avocado particles (100-500µm) act gently rather than abrasively on the skin.

**Use:** Add at the end of formulation process. Recommended formulation temperature: 30-40°C. Typical use levels: 5-10%. For external use only.

**Applications:** Face scrubs, body scrubs, face cleansers, face care, body care, exfoliating products.

**Solubility:** Partially soluble in water

**Preservation:** Preservative-free

**Storage:** Store in a closed container at a dry place at room temperature.

**Country of Origin:** France

**Raw material source:** Persea Gratissima (Avocado) fruit

**Manufacture:** Grinding the whole, dehydrated and delipidated avocado fruit into an avocado cake. The cake is then ground further into avocado powder.

**Animal Testing:** Not animal tested.
