4 FIRST AID MEASURES

Eyes:	Cause irritation to eyes. Symptoms include stinging, tearing, redness and/or swelling. Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention
Inhalation:	Prolonged exposure may cause irritation. When symptoms occur: go into open air and ventilate suspected area. Obtain medical attention if breathing difficulty persists.
Skin:	Prolonged exposure may cause skin irritation. If reaction occurs rinse with mild soap and plenty of water. Obtain medical attention if irritation develops or persists
Ingestion:	Ingestion may cause adverse effects. Do Not Induce Vomiting. Never give anything by mouth to an unconscious person. Rinse mouth. Obtain medical attention.

5 FIRE-FIGHTING MEASURES

Suitable (and unsuitable) extinguishing media:	Highly flammable liquid and vapor. May form flammable or explosive vapor-air mixture. Use appropriate media (water spray, dry chemical, foam, carbon dioxide) for surrounding environment and adjacent fire. Do not use a heavy water stream, as it may spread fire.
Special protective equipment & precautions for firefighters:	Wear self-contained breathing apparatus and full protective clothing, including eye protection and boots. Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers.
Specific hazards arising from the chemical:	Highly flammable liquid and vapor. May form flammable or explosive vapor-air mixture but the product is not listed as explosive. Hazardous reactions will not occur under normal conditions. See also Stability and reactivity section.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment & emergency procedures:	Do not get in eyes. No smoking. Evacuate unnecessary personnel. Ventilate area. Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, and call for the assistance of trained personnel as soon as conditions permit. Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.
Environmental precautions:	Avoid liquid release into sewers/public water/environment. Notify environmental authorities in case of leak.
Methods and material for containment and cleaning up:	Contain any spills with dikes or absorbents to prevent migration. Clean up spills immediately. Dispose of absorbed material in accordance with the regulations.

7 HANDLING & STORAGE

Precautions for safe handling:	Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and when leaving work. Avoid contact with eyes. Avoid breathing vapors. Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. Use good personal hygiene practice. See section 8 for recommendations on the use of personal protective equipment.
Conditions for safe storage, incl. any incompatibilities:	Comply with applicable regulations. Keep container closed when not in use. Store in a dry, cool place. Keep away from direct sunlight. Store away from incompatible materials (see section 10 for incompatibilities).
