Specific hazards arising from the product:	Hazardous reactions will not occur under normal conditions. Hazardous combustion products include Carbon oxides (CO, CO ₂). See also Stability and reactivity section.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment:	Do not get in eyes. Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.
Environmental precautions:	Avoid liquid release into sewers/public water/environment. Notify environmental authorities in case of leak.
Methods and material for containment and cleaning up:	Contain any spills with dikes or absorbents to prevent migration. Clean up spills immediately and dispose of waste safely. Dispose of absorbed material in accordance with the regulations.
