Fragrance	Fragrance	0.20	0.20	0.01	0.04

Method

Heat both phases to 65-70 for a short time only then pour phase B to A, blend well and remove from the heat. Pour into small deodorant sticks and let cool.

Properties

Face Mask with yellow clay and willow bark extract with natural salicylic acid. Helps with impure skin, exfoliation of skin cells and oily skin. It supports the skin's natural defense mechanism and detoxifies effectively. Highly nourishing due to its high mineral content. Improves the appearance of enlarged skin pores.
