4 FIRST AID MEASURES

Eyes:	Remove contact lenses, if present and easy to do. Rinse cautiously with water for at least 15 minutes. Obtain medical attention.
Inhalation:	When symptoms occur: go into open air and ventilate suspected area. Obtain medical attention if breathing difficulty persists.
Skin:	If reaction occurs rinse with mild soap and plenty of water. Obtain medical attention if irritation develops or persists.
Ingestion:	Do Not Induce Vomiting. Never give anything by mouth to an unconscious person. Symptoms may include stinging, tearing, redness and/or swelling. If the patient feels unwell, seek medical advice.

5 FIRE-FIGHTING MEASURES

Suitable (and unsuitable) extinguishing media:	Not considered flammable but may burn at high temperatures. Product is not explosive. Use appropriate (water spray, fog, carbon dioxide (CO ₂), alcohol-resistant foam, dry chemical) media for surrounding environment and adjacent fire. Do not use a heavy water stream. Use of heavy stream of water may spread fire.
Special protective equipment & precautions for firefighters:	Wear self-contained breathing apparatus and full protective clothing, including eye protection and boots. Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers.
Flash Points:	No data available.
Specific hazards arising from the chemical:	Hazardous reactions will not occur under normal conditions. Hazardous combustion products include carbon oxides (CO, CO ₂). See also Stability and reactivity section.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment & emergency procedures:	Evacuate unnecessary personnel. Ventilate area. Equip cleanup crew with proper protection. Do not try to clean up the leak without proper protective equipment. See section 8 for recommendations on the use of personal protective equipment.
Environmental precautions:	Avoid liquid release into sewers/public water/environment. Notify environmental authorities in case of leak.
Methods and material for containment and cleaning up:	Contain any spills with dikes or absorbents to prevent migration. Clean up spills immediately and dispose of waste safely. Dispose of absorbed material in accordance with the regulations.

7 HANDLING & STORAGE

Precautions for safe handling:	Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Avoid contact with eyes. Use good personal hygiene practice. See section 8 for recommendations on the use of personal protective equipment.
Conditions for safe storage, incl. any incompatibilities:	Keep container closed when not in use. Store in a dry, cool place. Keep/Store away from direct sunlight, extremely high or low temperatures. Store away from incompatible materials (see section 10 for incompatibilities).
