Soy Protein, Hydrolyzed	Hydrolyzed soy protein	Humectant/Anti-wrinkle	1.00	1.00	0.04
Fragrance Blossom Vine	fragrance	Fragrance	0.20	0.20	0.01
Anti-Micro Banana	musa sapientum (banana) leaf/trunk extract	Anti-microbial	1.50	1.50	0.05

Procedure

Phase A: Combine ingredients and heat to 60C.

Phase B: Add phase B to phase A under high sheer mixing. Homogenizing may be necessary if sheer mixing doesn't provide a smooth enough texture. Cool to 40C.

Phase C: Add ingredients one by one, blend well.

Properties

The blend of SkinTight LIFT combines bamboo silica, pea extract and glucosamine HCl in a synergistic complex that increases the production of collagen, elastin and hyaluronic acid and induces cell proliferation and differentiation. These actions make skin firmer while making deeper wrinkles less visible. Contains HerbaMaker™ HYDRO to hydrate and support skin resilience.
