### Phase A
- **Squalane** (squalane): Emollient, 7.50% Wgt (g) 0.26, Wgt (oz) 1.50
- **Sunflower Oil Sunflower Oil** : Emollient, 6.50% Wgt (g) 0.23, Wgt (oz) 1.30
- **Cetearyl Alcohol (cetearyl alcohol)**: Thickener, 5.00% Wgt (g) 0.18, Wgt (oz) 1.00
- **Ceteareth-20 (ceteareth-20)**: Emulsifier, Thickener, 3.00% Wgt (g) 0.11, Wgt (oz) 0.60
- **Vitamin E Tocopherol (dl-alpha tocopherol)**: Antioxidant, 0.40% Wgt (g) 0.01, Wgt (oz) 0.08

### Phase B
- **Distilled Water (aqua)**: Diluent, 54.10% Wgt (g) 1.91, Wgt (oz) 10.82
- **Glycerin (glycerin)**: Humectant, 4.00% Wgt (g) 0.14, Wgt (oz) 0.80
- **EDTA (tetrasodium ethylenediaminetetraacetic acid tetrasodium salt)**: Chelating Agent, 0.10% Wgt (g) 0.00, Wgt (oz) 0.02

### Phase C
- **Dimethicone Fluid Dimethicone**: Texturizer, 2.00% Wgt (g) 0.07, Wgt (oz) 0.40
- **GelMaker EMU (sodium acrylate / sodium acryloyldimethyl taurate copolymer, isohexadecane, polysorbate 80)**: Emulsifier, 1.00% Wgt (g) 0.04, Wgt (oz) 0.20

### Phase D
- **Distilled Water (aqua)**: Diluent, 10.00% Wgt (g) 0.35, Wgt (oz) 2.00
- **Vitamin B3 (niacinamide)**: Antioxidant, 4.40% Wgt (g) 0.16, Wgt (oz) 0.88
- **Vitamin C SAP (sodium ascorbyl phosphate)**: Antioxidant, 1.00% Wgt (g) 0.04, Wgt (oz) 0.20
- **Caprylyhydroxamic Acid GG (caprylyhydroxamic acid, glyceryl caprylate, Preservative glycerin)**: 1.00% Wgt (g) 0.04, Wgt (oz) 0.20

### Method
Combine phase A and B in separate beakers, and heat to 70 C. Add phase B to phase A slowly, stirring well and continuously. Remove from heat, and cool while stirring to 40 C. Add phase C, stir well. Combine phase D in a separate beaker, stirring well to dissolve the vitamins. Add phase D to A/B/C combination with stirring. Final pH needs to be in the 6.5-7 range. Adjustments, if needed, can be made with triethanolamine (more alkaline) or citric acid (more acidic).

### Properties
If you like a high amount of natural emollients and have a medium to dry skin you will love how this feels. Thick cream that contains a high amount of squalane and sunflower oil for extra nourishing and moisturizing properties. It spreads well and deposits the niacinamide & SAP nicely. It leaves the skin very soft and hydrated with a nice dose of anti-aging ingredients.
